GC School Board Re-Elects Officers

Worthington President 2nd Year; Johnson Again Named Superintendent

(Pictures on Page 40)

Reorganizing after seating two re-elected members Monday night, the Granite City school board retained all its officers and again named Russell B. Johnson as superintendent.

Re-elected by the board were Leslie Monroe Worthington, president; Dr. Eugene W. Walton, secretary; and Ronald Dillard, treasurer. They will serve for the 1966-67 year. Each is serving in the positions for the second year.

Worthington and Dillard were chosen by 60 votes, with member Joyce Timmons absent.

42 Secretary Vote
For secretary, Robert Crider nominated Timmons and Dillard nominated Dr. Walton. Crider and Daniel Linder voted for Timmons, with the majority votes cast by Worthington, Dillard, Dr. Walton and George Moore.

Earlier, the board voted to retain \$240 as the annual salary of the secretary. Board membership and the presidency are unsalaried, and the school treasurer cannot be paid if he is a board member.

Linder commented that the secretary's work is comparable to that of the unsalaried officers, and also asked whether the secretary election could be postponed. A legal ruling held that it could not be delayed.

Madison County Vehicles Hit 117,567 Mark in '65

A total of 117,567 motor vehicles in Madison county was registered with the state in 1965, with a total of \$2,720,772 in license fees paid, Paul Powell, secretary of state, announced today.

A record 4,745,469 vehicles were registered throughout the state of 210,021 more than in 1964, and license fees totaled \$18,722,728.

GC Sewage Plant Superintendent To Start Friday

The appointment of John J. Hildebrandt of East St. Louis as superintendent of Granite City's new sewage treatment plant was confirmed at a special meeting of the city council Monday night. He will begin his duties here tomorrow.

Hildebrandt, 44, has been employed by the East Side Levee & Sanitary District at the Cahokia disposal plant. His salary here will be \$4600 per year in semi-monthly payments. He plans to move to Granite City.

The agreement granted him the right to make emergency purchases of parts, supplies and miscellaneous items not to exceed \$500 in any one month. It is to make monthly reports of all expenditures under emergency purchases not later than the 15th day of each month, to be available to the comptroller, mayor and each member of the special pollution committee.

The appointment was recommended by that committee, headed by Alderman Charles Moerlein, after a previous choice, a St. Joseph, Mo., man, changed his mind at the last minute a week earlier.

Moerlein said Hildebrandt was highly rated by the Illinois Sanitary Water Board. He has a class II state license, but the chairman said he will be able to qualify for a class I license. "It is a matter of taking a test," it was reported that only 35 men in the state could qualify for the position.

Alderman Richard Fry noted that the specifications for the position called for a Class I applicant. Hildebrandt was recommended to the city by the water board, months ago, added that Hildebrandt also will be able to make required chemical tests at the position.

Madison County Rated Among Highest in Industrial Growth

(This is the fourth in a series of articles relating to the two-year planning study of Madison and St. Clair counties, completed recently by the Southwestern Illinois Metropolitan Area Planning Commission.)

Madison and St. Clair counties now show faster growth rates than any other part of the metropolitan area, with industrial and residential growth proceeding at an accelerated pace in both counties, according to the new planning study recently made public by the Southwestern Illinois Metropolitan Area Planning Commission.

In a sectional report on transportation and circulation, SWIMAPAC asserts that "with the large areas of open land in the two counties, located as it is in close proximity to the Metropolitan area, an advantage accrues to major highway location."

"For example, the new Interstate Routes 55-70 and 270 in Madison and St. Clair counties are intelligent, coordinated approach to land use and transportation planning. The primary need of this area."

"It required demolition of many structures and the relocation of a substantial number of people to locate these same routes in St. Louis and St. Louis county."

Therefore, the report continues, if the urbanization of the bi-county area can be so structured as to provide up-to-date plans for countywide transportation routes and facilities, then the necessity for future demolition of areas for the two-county area (coordinated with plans for the entire metropolitan area) so that "this very vital element of the area's growth will not be neglected," the report states, adding that an in-

Sod Being Placed in Park At Old Post Office Site

The first truck of blue grass sod was delivered yesterday for the downtown park being developed by the Granite City park district at the site of the old post office. Other trucks are to be delivered Saturday and the sod laid down by park workers.

A decision to sod rather than seed was made to cut down dust nuisance in the vicinity of the park. The rains this week not only helped the sod but also made the grounds too muddy to sod and the sod too heavy to handle.

Weather permitting, the remainder of the sod should be available by Saturday, Park Superintendent Harold Brown said. The one truckload was cut and loaded truck parked in a garage before the rains hit.

Free Inspections Of Autos Will Be Given May 8-21

Quad-City auto owners will be offered free 10-point safety inspection of their vehicles May 8 to 21 in time for vacation trips. The program is under the sponsorship of the Quad-City Safety Council and the Gasoline Dealers Association of the Tri-Cities.

The free inspections will be conducted at the member stations of the Gasoline Dealers Association. Ralph Strain, president of the group, said about 35 station operators are members of the group.

Ken Whittington, president of the local Safety Council, said today he hopes all Quad-City auto owners will take advantage of the free inspection offer and afford themselves safe driving throughout the summer. Another chairman said he will be able to qualify for a class I license. "It is a matter of taking a test," it was reported that only 35 men in the state could qualify for the position.

Alderman Richard Fry noted that the specifications for the position called for a Class I applicant. Hildebrandt was recommended to the city by the water board, months ago, added that Hildebrandt also will be able to make required chemical tests at the position.

Accidental Shooting Wounds GC Woman

Sharon Sullivan, 21, of 3000 Edgewood drive, was accidentally shot in the right side of her chest at about 9:45 p.m. Wednesday at her home after her husband had shown her how to use a .45 caliber gun he had just obtained. It was reported to police.

Sullivan was getting ready to put the gun on a cabinet when it went off. Mrs. Sullivan was admitted to St. Elizabeth Hospital where x-rays were taken. It was not determined if surgery was required. Her condition today is "good," hospital authorities said.

4 DAYS WITHOUT QUAD-CITY TRAFFIC DEATH

"Eads-Bridge, the first across Mississippi river by rail, was not built until 1874," the report goes on, noting that "today, however, there are five railroad bridges across the Mississippi and two more highway spans are under construction."

"This is a singularly important feature in considering present and future transportation and circulation routes in the St. Louis metropolitan area and more specifically in the Madison and St. Clair county portion of this area."

Railroads also play a very important role in the development of the bi-county area, the report continues, "and will continue to do so."

Chouteau Landfill Closing Sought

Described As Health Hazard; Legal Action Planned by Officials

New efforts to shut down the landfill dump operated on Chouteau Island by the Chouteau Island Corporation—object of repeated attacks by area residents and county officials during the past year—were developing today. The operators contend they are functioning within the requirements of state laws.

Spearching the new attack is Ferd Segar, operator of three farms in the immediate area of the landfill and a member of the county board. "We're developing to day. The operators contend they are functioning within the requirements of state laws."

At the same time, a group of women of families in the area are planning to circulate petitions urging elimination of the dump as a public nuisance and a hazard created by debris and refuse which they claim blow over the two roadways that pass the landfill on two sides.

The site is located between Old By-Pass Route 60-60 and the new Interstate 270 which will connect with the new Chain of Rocks bridge over the Mississippi river when it is completed.

Segar charged the operator is not properly covering the refuse and debris dumped at the landfill. "We're developing to day. The operators contend they are functioning within the requirements of state laws."

GC Air Pollution Chairman Says, 'It's Time for Action'

'Enough Studies'

"The time for studies is over, and time for action is here," Thomas Baker, chairman of Granite City's Air Pollution Control Board, commented following a meeting Tuesday night in St. Louis of the St. Louis Section of the Air Pollution Control Association.

Baker had asked the association where a set of standards for air pollution control legislation would be set. Only tentative dates were given.

Baker said the answer was not satisfactory. "I want to see more progress on this problem at all until the guiding standards are set," was his unanswered question.

The association heard a report that Granite City Steel Co. is spending \$5,000,000 for installation of equipment in its new basic oxygen furnaces that will take 98.5% of iron dioxide pollution out of the air emitted by the furnaces.

Donald F. Cairns, plant engineer at the Granite City Steel, told the meeting that the equipment, known as electrostatic precipitators, will control the heavy emission of iron oxides that produce the orange-colored plumes from the steel company stacks.

He said that while the basic oxygen furnaces will speed steel production, its obvious advantage is "countervailing to some extent by the expense of keeping the iron oxide dust out of the atmosphere."

He said that as particles of iron oxide pass through the stacks, they are given a positive electrical charge; then pass across negatively charged plates, causing attraction of the particles to the plates. Later they are dislodged from the plates by mechanical rappers and fall into a hopper for removal.

Cairns predicted occasional flare-ups of the precipitator because of the number of things that can go wrong with their operation.

Cairns also brought up a point that has been prominent recently among industrial leaders — the request that some relief, possibly through tax breaks, be given to the industry.

GC Tax Total Up Despite Rate Cut

Bills for 1965 Year to Hit \$6,478,427 Due To Assessment Rise

(Chart on Page 3)

Granite City taxpayers will be billed \$6,478,427 in 1965 taxes, an increase of \$11,248 over last year, it was announced today following completion of the 1965 tax books by the office of Miss Estella Hotz, Madison county clerk.

Rich said the bills for 1965 taxes will be delivered within the next few days, said he plans to begin tax collections on June 15.

The new tax extension figure includes \$6,436,526 in real estate taxes, \$41,901 in personal property taxes and \$1,099 in taxes on railroad property within the township.

Last year Granite City residents were billed for a total of \$6,347,178, of which \$6,307,978 was in real estate and personal property extensions and \$39,200 in railroad taxes.

The increase in tax extensions against locally assessed real estate is in real estate and personal property amounts to \$128,548 while the increase in railroad extensions over last year's billing amounts to only \$2701.

A higher total tax extension for 1965 was made despite a slight reduction in the overall tax rate for Granite City.

The rise is attributed to an increased property assessment for 1965. The 1965 Granite City township tax rate is \$1.12 cents on the dollar, a rise of \$3,881,425 over the 1964 valuation of \$122,757. The overall rate has been reduced only slightly, from \$4.018 last year for 1964 taxes, to \$4.008 this year for collection of 1965 taxes.

Miss Hotz reported that the rate breakdown for Granite City shows that the \$1.12 cents on the dollar collected, School District 9 will receive 61.08 cents and the city will receive 15.17 cents, with the \$400.00 going to the East Side Levee and Sanitary district. The township will receive 34.75 cents on the dollar and the park district 2.50 cents. The county would receive the total tax rate of 6.61 cents.

Under Granite City's new total tax rate, a taxpayer with a home assessed at \$10,000 will pay a total of \$1,120, which will be divided as follows: \$244 to the school district, \$60 to the city, \$112 to the levee district, \$58 to the county, \$13 to the township and \$10 to the park district.

The \$400.00 school tax rate is expected to complete 1965 tax books for Venice, Mameoli and Chouteau townships early next week. The books for the Quad-City area are the last to be prepared by the clerk's office and are expected to be completed by the end of the month.

This is due to the usual delay caused by St. Clair county officials in certifying a levee district tax rate to Madison county for the extension of levee taxes in the four townships of the Quad-City area. A new 1965 rate still has not been furnished by St. Clair county.

Taxbooks were completed by extension of last year's levee board rate of 45 cents per \$100 assessed valuation.

FA RI. 151 Service Unlikely This Year

Further extension of Federal Aid Road 151 into Granite City is unlikely this year, it was reported today by Gov. Otto Kerner at Springfield to discuss the possibility of obtaining service from the new Great River Road, but that the governor informed there would be no such extension this year. He agreed to give further study in the event funds could be found.

The Quad-City 1966 rainfall total to date is 8.57 inches, which is slightly above the normal for 1966—8.21 inches.

For the month of April, the rainfall total to date is 2.38 inches in January, 2.97 inches in February and 1.41 inch in March, plus the 1.80-inch total for the first 14 days this month.

Township Officials Will Meet on Tuesday

Township officials of Illinois will hold a southern spring conference at Lewis & Clark Motel in Easton last Tuesday.

Joseph Burgett of Vermont, Ill., president of the group will preside, and Harold Landis, chairman of the Madison county board of supervisors, will give the welcome address.

Topics to be discussed are the Illinois Municipal Retirement Fund and Social Security changes and the recent legislation involving townships and road districts.

Rainfall This Month Is Just About on Schedule

April is going along almost on schedule—precipitation-wise that is.

With the month nearly half over, the total of the rainfall readings from the gauge at Chain of Rocks canal locks shows 1.80-inch, which is nearly half of the month's normal amount of 3.71 inches.

This month's rainfall occurred on five days—three of which were in the morning, and the last on April 14 at 8 o'clock each morning, over a 40-inch on Monday, 36-inch on Tuesday and 22-inch yesterday morning. Last week, there was 23-inch reported on Friday morning, a trace on Saturday and a hundredth of an inch recorded Saturday.

The Quad-Cities 1966 rainfall total to date is 8.57 inches, which is slightly above the normal for 1966—8.21 inches.

For the month of April, the rainfall total to date is 2.38 inches in January, 2.97 inches in February and 1.41 inch in March, plus the 1.80-inch total for the first 14 days this month.

Coolidge Auto Entrance to Be Altered by Walk

Revision of a Coolidge junior high school entrance was authorized by the Granite City school board Monday night as a means of reducing hazards and congestion at a point where vehicular and pedestrian traffic intersect.

State approval and construction bids will be sought on extending the southern end of the circular walk in front of Coolidge all the way to Nameoli road.

This will prevent cars leaving the circular drive from entering the Coolidge parking lot, from where they have either parked or continued on a roadway leading to the front of Granite City high school.

The barrier will end a situation in which students wishing to cross Nameoli road have had to pass in front of several lanes of cars with varying destinations.

Tentative approval already has been obtained from the state, which is having Nameoli road widened to four lanes, and school officials also have conferred with police traffic authorities. It was planned to create a Nameoli road crosswalk slanting from the extended circular walk to east side of Jill avenue.

The board decided to recommend that the County Board of School Trustees grant an easement to move a Mitchell parking water district water main on the extended circular walk to east side of Jill avenue.

Maryville road is being widened, and the water line will be placed ten feet from the new road right-of-way.

Relect Fence Plan
A letter from the City of Granite City was acknowledged, with the board declining to install a fence along Terminal avenue between the city and the township.

NFO Opposes Government Order On Pork Use Cut

At a special meeting Tuesday called by Gerald Mollet, president of the Madison County National Farmer's Organization, the group voted to take direct action condemning recent orders and recommendations made by the federal administration in Washington, D.C. The group met in Edwardsville.

Specific disapproval was voiced on the Pentagon's order to the Armed Forces to cut use of pork products in half and to stop the purchase of butter. Prevailing high prices was the reason noted in the orders.

Mollet asked all NFO members to discuss the situation with other farmers and friends and urged a concentrated letter-writing campaign to President Lyndon B. Johnson, congressmen and senators protesting the Pentagon action.

Mollet told the group, "the NFO believes the recommendations are irresponsible and in poor judgment and may affect our fighting men who deserve the best and not substitutes."

The county organization also voiced objections to recent steps taken by Secretary of Commerce John F. Connor concerning export of hides and soft wheat, which Mollet stated, "have kept prices to the farmers down." Soft wheat is an important crop to Madison county farmers, he added.

Difficulties being experienced in procurement of dried milk due to large quantities now exported was reported by Wilbur Weis, chairman of the county dairy bargaining committee, who said that milk at the present time is in short supply. This condition has developed, Weis continued, due to the large number of dairy farmers quitting the business at an alarming rate, resulting from low prices paid to milk producers.

Hospital Plans Bake Sale and 'Flea Market'

Preparing for the annual observance of National Hospital Week that starts May 8, St. Elizabeth Hospital will hold a bake sale and "flea market" at the hospital in April 22.

Proceeds will be used to bestow honors on long-service employees and to honor a Mother's Day mother at the hospital. Sister Mary Marce, supervisor of the medical division, is in charge of the sale project.

The bake sale and flea market will be set up in the hospital's library on the ground floor.

Daughter Born To Former Resident

Here's the new Nurser that has revolutionized baby feeding

Dramatically reduces spitting up, gas pains and colic

Unlike ordinary bottles, Playtex Nurser needs no air inside to make formula flow. Pliable "inner bottle" contracts as baby feeds, as in natural breast feeding. "Natural-Action" nipple cannot collapse. Your baby takes in more formula, less swallowed air to cause spitting up, gas pains and colic. Baby feeds and sleeps better, gains weight fast.

The "inner bottle" is presterilized and disposable—No bottles to scrub or sterilize. No sterilizing equipment needed. Used in hospitals and homes in over 10 million feedings. Get the new Playtex Nurser for your baby. Complete kit only \$8.95

The above rates are combined in a way that they will affect the majority of property owners in local areas. For taxpayers living within the boundaries of different governmental groups, the overall rates will vary accordingly.		

Persons living within the Long Lake Fire District should add 10 cents (an increase of 2.5 cents over last year) to other rates in the township to determine their local rate. Those in the Mirabeau Manor-Bellemore Place street lighting district should add 10 cents (unchanged from last year). In State Park Place, taxpayers of the street lighting district should add 10 cents, same as last year.

Venue township residents who live in the Granite City school district should apply that rate instead of the Venice school rate. In all cases, the overall rate can be determined by adding the rates of governmental districts in which the taxpayer lives. The levee district rate still is subject to change in event the county clerk receives a new rate from St. Clair county.

The overall rates are applicable to each \$100 of assessed valuation.

Water Safety Poster Contest Set by ARC

The water safety committee of the Tri-Cities chapter of the American Red Cross will sponsor a poster contest to be held from now until April 29.

The posters are to depict aspects of water safety. They may range from boating and canoeing, water skiing, scuba and skin diving to swimming and lifesaving.

The contest is open to all grade school children in grades 2, 3, 4, 5 and 6, and awards will be made on each grade level at the annual Red Cross meeting on May 3. Winners will be asked to attend the dinner with their parents, where the award presentations will be made.

The Red Cross advised that in making posters, rescue methods should include wading, floating, rowing or boating before swimming. It also advised youngsters to swim in a safe place, with a friend, and one hour after eating, and if a boat should capsize, stay with it and always "think" in times of trouble.

Posters or drawings should be submitted in person or by mail to:

Education Through Art Explained to Rotarians

David C. Huntley, associate professor of art at SIU-SW, stressed the value of "education through art" in an address to Madison Rotarians yesterday. Rather than creating artists, elementary and secondary school instruction helps students better understand nearly every kind of learning, he said.

Harry Thebeau served as program chairman, and President Tony Zedekel urged participation in the district Rotary conference Sunday through next Tuesday. Will Radman was chosen as conference delegate. The club voted to sponsor attendance by two Madison students at the Egyptian Music Camp, Carbondale, this summer.

No Cut in Bus Service In Quad-Cities Area

No immediate reduction or elimination of present bus services in the Quad-Cities area is planned, it was reported yesterday by Bi-State System officials, who announced reduced schedules for 16 north and west area bus lines in the St. Louis area. Transit company officials said the reduction in service for the 16 lines had been recommended by the agency's consulting engineers, W. C. Gilman & Co., as part of a new Bi-State move to cut expenses and help offset the added \$200,000 annual cost of a new contract with the system's bus drivers.

Achievements of Negroes Featured at Local Exposition

A two-day exposition concerning the history and achievements of the American Negro, started at noon today at the local YMCA. The pictorial review, together with industrial, civic and armed services displays will be open for public inspection until nine o'clock this evening, reopening again from 1 to 10 p.m. tomorrow.

No admission will be charged for the traveling show, which has appeared in several nearby communities. Refreshments will be served without cost, and special entertainment is being planned for tomorrow night. Contemporary literature and art works by Negro artists and authors, with contributions by other talented individuals, comprise a major portion of the exhibition. Displays also are exhibited by the Granite City Army Depot, Scott Air Force Base, the cities of Venice and Madison, Eagle Park Improvement Association, Madison post office, American Steel Foundries, A. O. Smith Corp. and national, state and county organizations and county organizations and colleges.

Purpose of the exhibition, sponsors report, is to set forth facts detailing the historical background and progress of the American Negro in order to give impetus to his status in a democratic society. They stress the educational value of the project, rather than it implies a promotion of the civil rights movement. Co-sponsoring the project locally are the Quad-City Ministerial Association, American Federation of Teachers Local 743 of Granite City, Fellowship of the Committed of the United Church of Christ, the Steering Committee for the Forward March of Urban League of Madison and St. Clair counties and Pepsi-Cola Bottling Co. of Alton.

U. S. C. of C. President To Speak at Collinsville

Several representatives of the Tri-Cities Chamber of Commerce are expected to be among more than 100 officials from 24 communities in southern Illinois and the two-state metropolitan area who will confer Tuesday with Robert P. Gerholz, U. S. Chamber of Commerce president, in Collinsville, when the national executive makes his initial visit to the southern Illinois area.

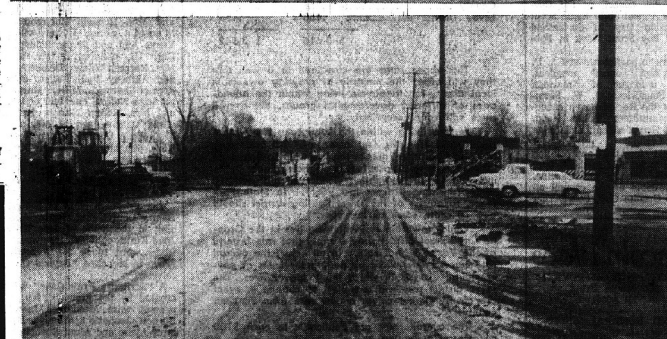

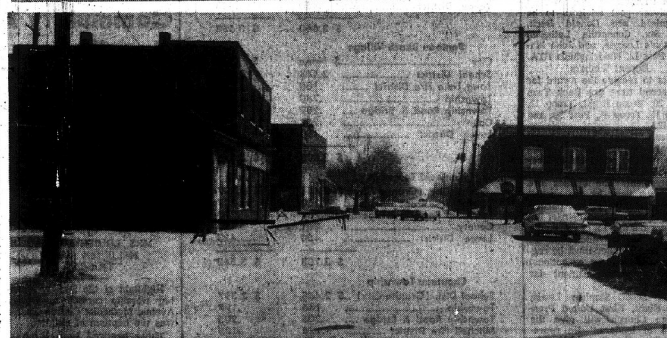

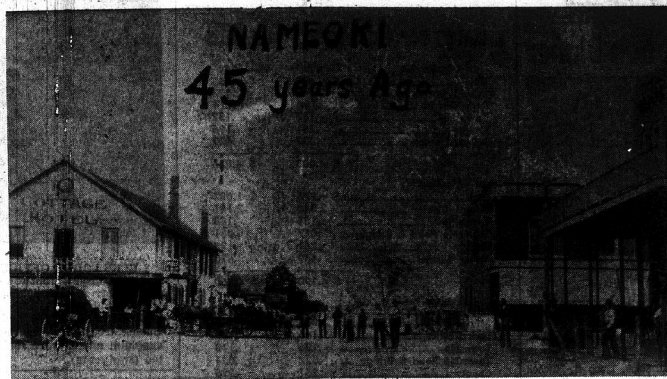

Following the private conference, C. of C. leaders will attend the annual meeting of the Collinsville Chamber, at the Collinsville Park Ballroom, where Gerholz will speak on "Community Development," at a 6:30 p.m. dinner. The nation's top C. of C. executive is president of Gerholz Community Homes, Inc., of Flint, Mich.

Five Divorce Decrees Signed in Court Here

Five divorce decrees were signed this week by Associate Judge Austin Lewis in the Granite City division of circuit court. Divorces were granted to:

Carol Merz from Max Merz. They were married Aug. 13, 1956, and separated Nov. 7, 1965. Cruelty was charged. Custody of two children was granted to the mother, and the father was ordered to pay \$80 per week child support.

Delores Sterling from Carl Sterling. They were married Oct. 21, 1961, and separated Feb. 24, 1965. Desertion was charged. Custody of two children was given to the mother, and the matter of child support was reserved by the court.

Carolyn Marie Wells from William Wells. They were married Aug. 5, 1961, in Collinsville, and separated Dec. 31, 1965. The charge was cruelty. The mother received custody of two children, and the father was ordered to pay \$120 per month child support.

Norma Jean Davis from Robert Lynn Davis. They were married July 2, 1965, and separated last Feb. 6. Cruelty was charged. Her maiden name of Norma Jean Nolen was restored.

Marilee Jackson from John Lee Jackson, both of Edwardsville. They were married June 6, 1959, at Herrin, and separated last Oct. 25. The charge was cruelty. Custody of two children was given to the mother, and the father was ordered to pay child support of \$30 per week.

Sentenced to Vandalia

Orville D. Harris, 38, St. Louis, was sentenced to six months at the Illinois State Penal Farm at Vandalia Tuesday by Magistrate Matson, on a charge of possession of dangerous drugs. Harris was arrested in Madison on Feb. 21 and had been free on bail pending his arraignment in magistrate's court. Harris, at the time of his arrest, was employed at a St. Louis pharmacy.

Niedringhaus Methodist WSCS Elects New Officers

The Woman's Society of Christ-ian Service of Niedringhaus Me-thodist Church met Tuesday evening in Wesley Hall of the church.

The budget for the year was approved and the nominating committee presented a slate of officers and all were elected unanimously.

They were Mrs. Briggs, president; Mrs. Elmo Hinson, recording secretary; and the following department secretaries:

Miss Cleo Ulm and Miss Anna Marie Barn, campus ministry; Mrs. Amy Pruesman, mission; Mrs. Pearl Henson, education; Mrs. Pearl Henson, membership cultivation; Mrs. Warren Simpkins, Christian social concerns; Mrs. Charles Boyle, program materials; Mrs. R. Paul Sims, spir-

itual life; Mrs. James Williams, supplies; Mrs. Virgil Mobley, local church activities; Mrs. Maude Hemphill, publicity and printing; and Mrs. Walter Mathis, Christian vocation representative. The circle chairman will continue in their offices another year.

Mrs. Harold Briggs, president, was in charge of Tuesday meeting, and the program, given by Mrs. Helen Simpkins, chairman of Christian social concerns, included a film on poverty entitled "The Newcomers." Serving on the nominating committee were Mrs. Raymond Hensley, chairman, Mrs. Mathis and Mrs. Cleveland Cox.

After the meeting, refreshments were served by Truth Circle to 32 members.

April Meeting Of Ruth Class

A monthly meeting of the Ruth class of Third Baptist Church was held Tuesday evening in the home of Mrs. Margaret Williams, 3173 Carlson avenue. The trip was made by plane, orthopedic surgeon and Director of Professional Training at March Air Force Base Hospital near Riverside, is also connected with the Riverside Orthopedic Clinic. He is retiring from active duty with the Air Service Medical Corps May 1 after 22 years in service. Six of the years were spent in Japan and Korea during the Korean War. He plans to devote full time to the Orthopedic clinic in Riverside.

Opening prayer was presented by Mrs. Julia Carmack, Mrs. Julia McLean, missionary chairman, submitted her report and announced that hospital bandages to be made following the meeting would be sent to Ghana. Dr. and Mrs. Bill Richardson, missionaries, will take the bandages back with them.

Another project was the making of bibs from tea towels to be sent to a nursing home in the area. Mrs. Carmack, class teacher, asked each member to give a favorite Scripture verse as part of the devotion.

Mrs. Graklanoff sang "Books of the Bible," accompanied at the piano by Mrs. V. Wallace. Birthday wishes and a song were extended to Mrs. Thelma Peterson in honor of her birthday. Mrs. Blanche Blake closed the meeting with prayer. Next regular meeting will be held in the home of Mrs. Elizabeth Romine, 2121 Madison avenue, May 10. Games were played and prizes went to Mrs. Carmack and Mrs. McLean. Other members were Mrs. Mildred Nash, Mrs. Nelma Black and Mrs. Jerry Short.

Spring Events At St. Mary's

St. Mary's PTA met Monday evening in the school cafeteria. Mrs. Lee Krpan, president, presided over the business meeting, with old and new business discussed. A bake sale April 30 and May 1 was planned. George Darling Jr., William Gushleff and Charles Veach, a committee from the Madison Jaycees, spoke to the group on a track event to be held May 21. Boys and girls between the ages of 12 and 15 may take part. The state event will be held in Granite City this year.

Fr. Engelbert Bieneck spoke to the group about the convent, which is to be completed in the near future, and of a float to be entered in the Madison diamond jubilee parade.

Mrs. Helen Cholewick, Mrs. Lucy Martin, Mrs. Betty McCumey and Mrs. Frances Steiner, hostesses for the month, served Mrs. Dorothy Bergrath, Mrs. Kathryn Suchich, Mrs. Polly Tutta, Mrs. Josephine Zelenka and Mrs. Margaret Sorensen. Mrs. Elsa Banaszak and Mrs. Rosalee Stern will be the May hostesses.

The club members also plan to participate in the observance of Arbor Day by planting shrubs, flowers and trees during the month of April.

the downstate fisherman

by pete brown

Moderate to spotty might describe Southern Illinois bass fishing conditions after an unsettled week which did nothing to improve water temperatures.

Fishing success at Crab Orchard Lake dropped to near zero in the wake of a chilly streak followed by 24 hours of rain. Same sad song was being sung at Horseshoe Lake (Cairo) where anglers have been most conspicuous by their absence.

Lake Grassy is holding up as well as can be expected, though, and lunker bass are being taken often enough to keep the lake's early-spring reputation intact. Darnell Bakley, Decatur, hung into an eight pounder on a River Run and Jay Shaded, St. Louis, caught a 7 1/2 and 3/4 on a black worm.

Other notables: Bob Tille, O'Fallon, 7 1/4, black worm; Otto Dubre and Chuck Schaefer, Peoria, 14 bass from 2 to 2 1/2, plastic worm; C. E. Blessing, Carbondale, 5 1/2, Shannon Twin; Gene Masterson, Cape Girardeau, 5 pounder, Heddon; and Charles Hankeneyer, St. Louis, 4 1/2 and 3 1/2, yellow Sonic.

Lake of Egypt enjoyed a fair week, with several four pounders brightening the log. Sam Austin, Ray Beatty, Harold Underwood and Harry Douglas combined for 24 bass in two days, ranging from a pound to 3 1/2.

Bob Tomlinson, Murphysboro, is credited with a 5 1/2 and Richard Fredking, East St. Louis, took a pair of five pounders.

Others in the same general performance category were Roy Farmer of West Salem; Mike

WARRIORS LAUNCH their varsity golf season Wednesday at the Depot course. Left to right are Jack Brisky putting, Collinsville's Jack Skidmore, Charles Henry with flag, and Collinsville's Keith Rule.

Warrior Golfers Edge Kahoks by 3 Strokes

The Collinsville Kahoks were edged out by the Granite City golfers Wednesday at the Depot course 180-177, although Collinsville's Keith Rule carded the lowest score of the day, 41.

Rule was one of only two golfers who made a hole-in-one, a birdie on the par-five No. 3, where Warrior Charles Henry also turned the birdie trick.

Three Warrior golfers carded identical scores of 44 during the afternoon's play under clear skies with a slight chill in the midwint.

Making up the GCHS golf roster this season are team captain Jack Brisky, Henry, Craig Eads, Mike Huff, Gary Sturdivant and Bill Williams, all seniors; Mike Davis, a junior; and sophomores Tom Carmody, Chip Green and Herman Schermer. Coach is Harry Lane.

GRANITE CITY 177—Jack Brisky 44, Charles Henry 44, Chip Green 45, Gary Sturdivant 44, Mike Davis 47.

COLLINSVILLE 180—Keith Rule 41, Jack Skidmore 43, Stan Stewart 48, John Biggins 48, Rick Giles 57.

(The low four scores for each team determine team score.)

With the work on whipping the right at the start we're just going to work with the fender-benders and super modifiers.

Time trials at the speedway will get underway at 7:30 p.m. Saturday with the races set to commence at 8:30. Doolin announced. Admission is \$2 for adults and 50 cents for all children under the age of 12.

75 Boys Here Need Baseball Managers

Officials of the Granite City park district are fearful that unless more managers can be found for the Benham, Atom and Midget classifications, about 75 boys may be deprived of playing baseball this summer.

Sufficient managers to lead the teams have not yet been found, it was announced today.

Top 'Y' Soccer Teams Paired This Weekend

Four of the top teams in the YMCA soccer league are paired in weekend contests Saturday and Sunday.

The St. Elizabeth midget division squad with a 5-1 record, takes on Granite City Steel Credit Union, which boasts four wins, a tie and a loss.

The St. Elizabeth atom division team, with three wins and one tie, squares off with Luaders Agency, boasting a two-win, one-tie, one-loss record.

Bubblemasters View Space Travel Films

Movies on space were the program at a meeting of the Bubblemaster diving club Tuesday evening at the YMCA. One was "Ed White's Walk in Space" and two others also were on space travel.

Ed Duffin, president, conducted the business meeting, with 12 members present. Reports were submitted by Mrs. Mary Jane Brannan, secretary, and Glen Wirth, treasurer, and Almarston Ron Homyer.

Tentative plans were made to hold a rummage sale in the near future. Final plans are to be made at a later meeting. Present were Mr. and Mrs. Richard Gates, Mrs. Barbara Duffin, Al Mueller, Cliff Blankenship and children, Jim and Joan, Mr. and Mrs. Jack Atkinson, Gary Schwartz, Debbie Duffin, Dawn Duffin and Billy and Terry Brannan.

May 10 is the date set for the next meeting at the YMCA.

GC's Glenn Hoffman Set for '66 at EU

Hoffman, Eastern Illinois University second baseman who hails from Granite City and who saw limited action last year, looks forward to this season as one in which he will come into his own at EU.

The tall, 6'9" right-hander better is a junior this year. If coach Ben Newcomb's preliminary thinking goes unchanged, Hoffman and shortstop Bob Valiska will be the second base combo.

Warrior Net Team Downs Kahoks 5-0

Coach Dick Harmon's tennis Warriors continued their success away from the home courts in defeating Collinsville Wednesday 5-0.

The Warriors, winning three of their four victories on foreign turf, defeated Collinsville's Don Girge Wednesday 6-2 and 6-1.

first singles, Jim Holland defeated the Kahok's Don Weber 6-3, 6-2. Granite City's Norman Popmarkoff beat Dennis Summy 6-0, 6-0.

In first doubles, Warriors Bill Harris and Louis Mehl defeated Tom Harrison and Kim Brown 6-3, 8-10 and 6-2. In second doubles, Olen Williams and Jeff Parnum defeated Dan Uhring and Milan Fischer of Collinsville 6-1, 3-6 and 6-4.

In addition, a room at Nidgringhaus school will be used as a meeting place for the park district's preschool program.

School ball diamonds with the exception of Nameoki will be available for use as practice fields by the park system. The Nameoki grade school diamond is to be used by the Nameoki-Pontoon Little League.

Record Bass Catch by Rev. Roy Kinder Jr.

Mr. and Mrs. Roy S. Kinder sr., 5404 Evergreen drive, Cedar Park, Illinois, learned this week that their son, Rev. Roy S. Kinder Jr., pastor of the First Baptist Church, Paris, Mo., holds a major 1963 fishing record at the Lake of the Ozarks.

Using a four-pound line, the native Granite City angler caught a bass weighing nine and a fourth pounds, largest bass caught at the lake this season and perhaps the biggest that will be caught there in 1966. His line broke on the next cast, indicating he landed the fish just before it would have been lost.

GC's Winfield, Yates Spark College Nine

Doug Winfield, one of three Granite City men on the Peru, Neb., State College baseball team, has come into his own as a pitcher with a low 3.27 earned run average, and his bat has been equally as outstanding. Winfield, who bats and throws right-handed, has gone four for five at the plate for an .800 batting average

Venice vs. Warriors in Spring Baseball Slate

This is the first spring for operating both baseball and track athletic programs at Venice high school, but if the success of the

plan matches that of Venice's undefeated MCM Conference baseball champs of last fall, all should go well.

The Red Devils went 8-0 as they slugged their way to the Madison-Clinton-Macoupin Conference baseball trophy in 1963.

The Venice diamond squad will begin its spring season April 29 with a contest at Lincoln of East St. Louis.

On May 2, the Red Devils will journey to Highland for a game with St. Paul of Highland. On May 5, the St. Paul team will return to the Venice diamond.

Venice is slated to visit the Granite City Warriors for a twin bill May 7, and on May 9, 10 and 11 Venice will be in the district baseball playoffs.

Coach Bill Ohendorf is naturally cautious about predictions as to the team's success this spring, but the Red Devil's triumph in the fall raises the hope that a winning momentum can be maintained.

Park District to Use 7 Schools in Summer Recreation Program

The Granite City school board Monday night authorized use of seven schools for the summer 1966 recreation program of the Granite City park district.

Locations will be the Logan, McKinley, Marshall, Wilson, Webster, Nidgringhaus and Nameoki grade schools. Daily hours will be 9 a.m. to noon and 1 p.m. to 3:30 p.m.

In addition, a room at Nidgringhaus school will be used as a meeting place for the park district's preschool program.

School ball diamonds with the exception of Nameoki will be available for use as practice fields by the park system. The Nameoki grade school diamond is to be used by the Nameoki-Pontoon Little League.

Coaching Transfers for Parker, Hastings, Others

Keith Parker will give up coaching duties at Coolidge junior high school and become Granite City high school head track coach and an assistant GCHS

5 football coach, it was announced at Monday night's Granite City school board meeting. Jim Morrison, who has been track coach, will remain as head football coach.

Gary Proender of the Coolidge 5 faculty will replace Parker as a coach. Parker is a former high school English and social studies teacher and no relation to Keith Parker, who will be transferred to Coolidge to handle assistant basketball and assistant track coaching duties.

These changes fill most of the coaching positions for the 1966-67 year, Supt. Russell D. Johnson said the board.

Cold Shoulder For Trojans in Triangle Meet

The cold, muddy track may have had a dampening effect on the Trojans in a triangular track meet with Roxana and Waterloo Wednesday at the Madison field. The weather, and some outstanding performances by members of the Roxana team, which tallied 82 points.

The Waterloo Bulldogs took some honors, too, ending with a point total of 46½, while the hosts had to be content with 17½ points for the afternoon.

Coach Pickering cited the improving 800-yard relay team, which—had it not been for Ron Bert getting spiked in a baton exchange Wednesday—might have won its event.

"We could have taken this," Pickering said, "because we had a 1:37 at Dupu which would have beaten Roxana's time here. It was just a tough break."

He is taking three relay teams, his shot put and two broad-jumpers to the Roxana relays next week.

Madison 17½, Roxana 82, Waterloo 46½.

800-yard relay—Roxana, Waterloo, 1:40.1.

100-yard dash—Roxana, Waterloo, 1:50.

100-yard dash—Stump (W), Lawrence (R), Wilson (R), Phillips (R), 10.7.

120-yard high hurdles—Harvey (R), Mayer (R), Hudson (W), Gerard (W), 16.6.

180-yard low hurdles—Harvey (R), Gerard (W), Rhodes (R), Paik (W), 22.4.

440-yard dash—Bond (R), Paik (W), Rafferty (W), Freley (R), 25.8.

220-yard dash—Stump (W), Lawrence (R), Stirling (W), Jones (R), 23.7.

880-yard run—Campbell (R), Perry (R), Dahl (W), Yost (W), 21.6.

1 mile run—Campbell (R), Schone (W), Scott (R), Patten (W), 51.5.

Shot put—Ingram (M), Hudson (W), Hubbard (R), Collins (M), 43' 6½."

Discus—Harvey (R), Hudson (W), Patten (W), Stewart (M), 114' 1".

Brooklyn—Jones (M), Wilson (R), Boyd (M), Perry (R), 18' 11".

High jump—Lawrence (R), Mayer (R), Boyd (M), Perry (R) (tie for third place), 5' 4".

Pole vault—Rhodes (R), Choney (W), Mayer (R), Aycock (W) tied with Bond (R), 10'.

Weather Wins Meet

Cold, damp weather forced cancellation of a dual track meet between Varsity and Worden Wednesday. According to coach Bill Ohlendorf, the meet may not be rescheduled.

The Law Serves You

Role of Trustee: Aid Survivors

(A Public service of the Tri-City and Illinois Bar Associations.)

To many people, the word "trust" suggests something undesirable, perhaps as a result of its connection with news stories about "trust-busting" or "trust busting," which apply to monopolies.

There is no doubt that a trust, like most things, can be misused. However, the type of trust we refer to here is one of the most effective devices for protecting widows and orphans.

Let's suppose that you own a farm. You want to leave it to your wife and children in the event of your death. But you realize that your wife is unacquainted with farming and that it will be many years before the children are old enough to take over.

Trustee Management

You can provide in your will that the farm be placed in a trust. In case of your death, title passes to a person called the "trustee," someone you have designated to manage the farm until the children are capable of taking over.

The trustee is obliged to operate the farm and to pay the income to your wife and children, the "beneficiaries" of the trust. This arrangement continues until the trust is terminated in accordance with the terms of your will, and the children take title to farm and hold it free and clear of the trust.

This same sort of trust arrangement can be used with any type of property, such as stocks, money, or a business.

Normally, property is placed into a trust only if it produces income. For example, it would be impractical to put your car or stamp collection into a trust.

Duties of the Trustee

The trustee can be an individual or a corporation.

In Illinois, a corporation cannot act as trustee unless it first qualifies to act in that capacity. The trustee is not free to do

as he pleases with the trust property. He is under obligation to manage and invest the trust prudently, so that it produces the highest income consistent with safety.

He is obliged to pay such income to the beneficiaries or to accumulate it for their benefit, as directed in the trust, and to make proper distribution of assets when the trust is terminated.

Is the Trustee Paid?

Naturally, the trustee is entitled to receive compensation for his work.

An individual whom you name as trustee may not choose to charge you for anything other than his expenses; but he may be subject to revocation by him during his life, or irrevocable. Also, he precedes of insurance policies may be placed in trust.

There are estate tax and income tax advantages to be gained by careful use of the trust device.

These advantages are most important in connection with substantial estates and require the consideration of competent legal counsel for appropriate use.

"The Law Serves You" is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

PLEASED AT SUCCESS OF CROSSING PROTEST

To the Editor:

I feel great and I have to tell everyone why.

First of all, it was the response and the amazing result of the people we called asking them to join in the "protest caravan" about the Maryville road railroad crossing.

Next is the pride I am sure everyone feels when seeing a job well done. I'm referring to the posters that were used on the cars. They were made by a group of students on very short notice, and weren't they the greatest?

We still intend to stand at the Maryville road crossing, so help is wanted and needed. Anyone who can spare a little time to stand at the crossing may call Mrs. Justina Barnes at 421-1044, or myself at WE 1-0404. The pay will be self satisfaction and the appreciation of all concerned.

I hope some day we can help you like you have helped us.

Thank you very much.

POLL SCHOOL PUPILS ON NAME FOR NEW PARK

To the Editor:

A Forum writer April 7 proposed some interesting names in addition to those already mentioned for the new park or "square" downtown.

Also, he proposed a committee to make a selection.

However, I feel it would be much more democratic and would more accurately reflect the feelings of the community, if a poll were taken among the school children.

It is well known that, in general elections, straw polls by pupils accurately reflect the views of their families. The children themselves would also enjoy taking part in a democratic activity such as this to help them learn how democracy works.

LOCAL TEACHER

Rev. Pierce is Speaker For GK Kiwanis Club

Rev. Frank Pierce, pastor of the Namekiki Methodist Church, addressed Granite City Kiwanis at their weekly dinner meeting Monday at the Ross Bowl restaurant.

His topic, "The Suffering of the Brotherhood of Man," was based on Kiwanis International's Eastern Week program, "The Green Candle of Hope," which prompted Kiwanis to remember and review mankind's troubles throughout the world.

The minister told club members the degree of suffering inflicted upon an individual is according to his ability to withstand it. He said, "man is sensitive to suffering in many forms, physical, mental and social."

Rev. Pierce urged Kiwanians to believe that suffering in an individual's life is not a punishment, but a challenge to the goodness of life through faith and love. He said, "man is sensitive to suffering in many forms, physical, mental and social."

Preliminary plans for the local service club's 20th anniversary celebration, May 9, were discussed by Marvin Barnes and Robert Lombardi, arrangement chairman.

The dinner invitations will be extended to all past presidents and former club members. The affair is to be combined with "Ladies' Night."

William Seibold reported meeting with officials of the Bow Line Boat Club to initiate plans for the fifth annual championship boat races, jointly sponsored by the two groups.

The event will be held Aug. 7 on the Mississippi River near the Hartford Canal.

Coss is Interfering For Doctorate Degree

A former Granite City, Ronald Coss, who lives in Albuquerque, N. M., is a doctorate candidate interning in the Santa Fe school system. He taught at Frodo's school here until four years ago.

Coss, whose parents, Mr. and Mrs. Coss, live in Albuquerque, is now in the 11th year of attending the University of New Mexico on a National Mental Health Association fellowship and has been assigned to work with Orin C. Schooley, school superintendent in the administrative department of the former Santa Fe public school principal and assistant principal of Albuquerque. He will teach in the Albuquerque system.

Coss received his bachelor's degree at the University of Illinois in business and his masters degree at Arizona State University in guidance and counseling.

Two Aldermen Should Withdraw
Sue Blocking One-Way Streets

The simplest way to resolve any lawsuit is to have it withdrawn. We heartily recommend such a step to Third Ward Aldermen Boyd and Poulos, whose circuit court suit is delaying revision of one-way streets in Granite City.

It is unusual for a municipal government to be sued by two of its own officers. It is unfortunate that representatives of only one of the eight wards can block traffic improvements not only in their own neighborhood but throughout the city. It is costly to wage and fight a suit it is costly to all Granite Cityans to needlessly endure existing congestion for an indefinite period. And it is tragic if the delay is resulting in greater damage that would be the case under a coordinated, objectively devised traffic pattern.

The two aldermen have made their point—that no one traffic system is perfect and that the council will need to remain alert to meet other minor adjustments from time to time. They can now drop the suit honorably, and should do so in the overall interest of safe and efficient flow of traffic.

Special Session Unlikely But More
Highway Funds Still Badly Needed

Dispatches from Springfield indicate the likelihood of a decision not to call a special legislative session this year. Republicans claim their repeated assertions that adequate funds were provided by the General Assembly in 1965. Democrats point to record retail buying and unprecedented sales tax revenue.

Whatever deficiencies may exist in general funds are not expected prior to the final six months of the biennium. Since the legislature will be in session during that time, it can take whatever steps seem appropriate, saving the cost of a special session.

Biggest unanswered question is the status of road improvement funds. The need for accelerated highway allocations is felt acutely in the Quad-Cities and many other communities. It is imperative to give early and effective attention by state officials.

TODAY'S INVESTOR

BY THOMAS E. O'HARA
Chairman, Board of Trustees
National Association of Investment Clubs

LONG-RANGE INVESTING REDUCES THE GAMBLE

"I am soon to inherit part of an uncle's estate. I would like to decide where to invest my money."

My second suggestion, if this sounds too "nerve producing" to you, is to put your inheritance into a mutual fund. There are plenty of these funds that have done well through the years, and show every indication of continuing to do so. The professional managers of the mutual fund will look after your investment for you.

Even so, of course, would be to entrust your \$5000 to a savings bank. It'll be sure to get about 4% interest, and your principal will be insured by the government. The 4% should just about keep you even with inflation.

Have you a question about investing? Mr. O'Hara, editor of the monthly magazine, "Better Investing," and one of the nation's recognized authorities, will be glad to answer it. Write to T. E. O'Hara, National Association of Investment Clubs, Department S, Box 1068, Detroit, Mich. 48201. Enclosed is a stamped, self-addressed envelope.

Intensive Care Unit to be Opened in Fall at Hospital

An intensive care unit at St. Elizabeth Hospital is being planned with eight beds to provide continuous nursing care for patients who are critically ill.

Currently, nurses of the hospital, headed by Mrs. Marietta Daniels, are conducting a fund-raising campaign for a memorial in the late Dr. Irvin Wiseman in honor of his service to the unit.

It is hoped the unit will be ready for patients by late summer or early fall, at present planning calls for to be located in the solarium on the third floor.

St. Mary's Hospital, hospital administrator, said nurses assigned to the unit will be given special training to provide the care needed by patients.

With the opening of an intensive care unit, St. Mary's Hospital said, the bed problem at the hospital will be eased.

St. Mary's Hospital said the minimum increase of 5% in the number of patients after July 1 when Medicare starts," she said, "and that could mean 13 or 14 more patients a day."

Depot Making Outstanding Contribution To American Fighting Men in Vietnam

Civilian life offers marked contrast to direct military participation, particularly when warfare is undeclared and the policy is "business as usual" in most phases of the home front. But through the local Army Depot, Quad-Cityans have an opportunity to directly aid our servicemen overseas, easing their burden in one of the most difficult conflicts ever fought by Americans.

Under the revised "Red Ball Express" program, the Depot is given 16 hours to locate needed supplies and equipment, which reach the individual fighting in Vietnam within six days. Such requirement is a severe test of storage methods, reconditioning and shipping skills and general resourcefulness, but the Depot in every case has met its duty with time to spare.

The outstanding efforts of Col. Schweizer and his expanding civilian-soldier staff bring the demands of the Vietnam conflict much closer to this community, and help maintain widespread recognition of its relationship to the freedom enjoyed in this nation.

Don't Rush, But Tomorrow is April 15

Thirty days hath... April, but for American taxpayers there are only 15 April days in which to submit their yearly income and expenditure reports to Uncle Sam.

There undoubtedly are those who file their returns for the past year in the first week of January, but we doubt that Internal Revenue offices become flooded with much early mail. We have always followed a policy of not rushing into such matters hastily, while still trying to avoid the last-minute rush.

But our guess is that as the hour nears midnight tomorrow night, emphasis will shift from the leisurely American pastime, baseball, to another time-honored tradition, queuing up at post offices to get tax returns postmarked in time. Nothing works quite as well as a deadline to get tax money into the government till.

Playgrounds for Pontoon Youngsters

Edwin Cummins, retired Pontoon Beach resident, will gladden the hearts of numerous youngsters this summer by providing use of a five-acre tract adjacent to his home. Two boys' baseball diamonds, a children's playground and a picnic and park area are being created there by the Pontoon Beach Improvement League and Namekiki Pontoon Lake League.

A much interest in wholesome youth recreation and physical development seen an outstanding example for other Quad-Cityans.

Roadside a Costly 'Wastebasket'

In line with various Illinois communities "clean up, paint up, fix up" activities this spring, the state highway department will utilize 1200 volunteers in removing an estimated 22,000 tons of debris from public highways during April.

The task is one that needs to be done, and the state is carrying it out. But the fact that it costs taxpayers an average of 60 cents to pick up each bottle, can or other discarded item should prompt each motorist facing a think twice before using the roadside as a wastebasket.

It's a mighty costly, as well as unattractive, wastebasket.

Physical Educators' Annual Workshop at GCHS Tonight

The annual spring workshop of the Southwestern District, Illinois State Association for Health, Physical Education and Recreation, will convene tonight at Granite City high school.

A pleasant, informal dinner in the cafeteria, followed by a lecture-demonstration in the auditorium, will highlight the evening's program.

Consultants, Mrs. Janice Schomburg and S. Willard Foelch, of the University of Illinois at Chicago, Chicago, will present a lecture-demonstration related to the Implication of Perceptual-Motor Training in Improving Reading and Writing Skills.

Because of the timeliness of the topic and because a program of this nature has not been presented previously in this area of the state, Ray Page, Illinois state superintendent, and Wilbur Trimpe, Madison county superintendent of schools, have joined with officers of the district association and the local school staff in sponsoring the appearance of the consultants.

Reservations have been received from nearly 200 school board members, school superintendents, principals, classroom teachers, and physical education teachers, nurses, special education teachers and professional physical educators.

A considerably greater number is expected to attend the program at 7:45 tonight. It is open to the public without charge. Reservations have been made by many school personnel from St. Louis county schools.

A unique feature of the evening will be greetings brought by every level of the physical education profession. Representatives will be as follows:

American Association for Health, Physical Education and Recreation, board of directors, Dr. Gwendolyn Drew, vice-president, general division; University of Illinois at St. Louis, and Miss Helen Hartwig, vice-president for safety, and Miss John (Mae) Bessie Madison, University City, Mo.

Midwest Association for Health, Physical Education and Recreation, Miss Gaila H. Bessie Madison, director of physical education, and Miss Gaila H. Bessie Madison, director of physical education.

High Speed Evolution Achieved

Darwin believed that man evolved from simpler forms of life during the earth's five billion years of pre-history.

But Francis J. Ayala, Rockefeller University, New York, has seen evidence of evolution, admittedly only a little bit of it, in just one year, the American Association for the Advancement of Science.

Experimenting with a species of small fly, Ayala put 150 pairs of the flies in a bottle. The population grew steadily, to perhaps 2000 individuals, in five to eight weeks.

Now serious crowding existed; there were 10 to 100 times as many eggs as could develop on the food available.

Yet the fly population continued to grow slowly throughout the remaining weeks of the 54-week experiment. Ayala concludes that this was evidence of evolution—that a population could survive and grow even with a constant food supply and crowded conditions.

Two-Step Process

Briefly, evolution occurs in a two-step manner.

Newborn flies are never completely identical with their parents; they have changes or mutations. Some changes make one better fit to survive; some make him less well fit to survive.

Only those flies which survive have offspring; their offspring, in turn, should be still better fit, on the average, to survive. This is defined as the process of natural selection.

The AAAS and the publication "Science," which published the findings, did not speculate on whether humans would be equally adept at adjusting to food supply limitation and overcrowding.

The woman, who resides across the street over Kahle's Hardware Store, had arisen to attend her children when she noticed the flames.

The Presbyterian choir will perform the oratorio, "The Crucifixion," May 6.

The business meeting of the WCTU was held at the home of Mrs. May Henry, 2324 E. street. The meeting was well attended and with American flags appropriate for the great American Protes and Mrs. C. D. Perry, were added to the membership list.

After business was transacted, the educational topic was taken section of Granite City for many up, the subject being "Temper years was averted by the peace and Missions."

Members of the EMB Floral club were entertained Friday with a one o'clock luncheon at the Pythian Temple on Cleveland held by co-hostesses, Mrs. Ed Mercer, Mrs. R. C. Parsons, Mrs. T. H. Dillie, Mrs. W. H. Wieda and Mrs. William Mc Clellan.

The luncheon tables were decorated with daffodils, and guests of candy Easter eggs were placed at each plate in keeping with the holiday season. The dovnational was given by Mrs. J. Williams. There were 35 present, including two guests, Miss Nora Pell-choff and Mrs. Marjorie Tombs.

Members of the Octagon club were entertained by local residents, was taken to the New York Headquarters of the British-American Ambulance Corps. The money is to be used to buy ambulances for England, and it was raised here in connection with a nationwide campaign.

A check for \$209.50, representing contributions by local residents, was sent to the New York Headquarters of the British-American Ambulance Corps. The money is to be used to buy ambulances for England, and it was raised here in connection with a nationwide campaign.

David Thomas, a member of the local committee, said a list of the 80 daffodils, and guests of the check. The list also contained the signature of Mayor M. E. Kirkpatrick and bore the city seal.

Miss Mildred Wallace entered the Twentieth Century Club in her home, Mrs. John Gomez, Mrs. Louis Maude Schultz and Sid Magnus.

Bi-State Airport Dedication to be Held on Sunday

U. S. Congressman Melvin Price, D-East St. Louis, will address an anticipated crowd of about 5000 persons who are expected to attend dedication ceremonies at noon Saturday at Parkes Bi-State Airport in Cahokia.

The dedication is being held in conjunction with a "Farmer's Day" with more than 100 pilot-farmers and their families expected from Illinois, Indiana and Missouri.

Additional activities planned for the day-long dedication program, include displays of the Gemini space capsule and exhibitions of helicopters and 100 new aircraft. There are demonstrations of the newly-devised WREN 400 attachments for light Cessna airplanes will be presented at noon, 2:30 and 4 p.m.

A breakfast will be available for the farmers and the public from 8 a.m. to noon, sponsored by the Cahokia Jaycees. Nine trophies also will be awarded to farmers participating in various competitive events in connection with the fly-in program.

Others scheduled to speak in the dedication ceremony are Col. R. E. Smyser Jr., executive officer of the Bi-State Development Agency; Mayor Robert Jackson of Cahokia; Walter T. Malloy, St. Louis director of utilities; and J. E. Wenzel, director of the Illinois Department of Aeronautics. Attorney Harold G. Baker Jr., of East St. Louis, is to serve as master of ceremonies.

East St. Louis Chamber of Commerce will host a luncheon for the guests at 12:30 p.m. Saturday.

Rotary Club Planning Horse Show Aug. 28

Plans for the 1966 Rotary Horse Show, on Aug. 28 at the Tri-City Speedway and for Rotary District 646's annual conference to be held next week at Edwardsville were the principal topics Tuesday at the Granite City Rotarians weekly luncheon in the YMCA. About 45 attended the meeting, conducted by William Thoeke, president.

Preliminary plans for the horse show event, which annually attracts hundreds of spectators, were reviewed by Loren Davis and Ferd Goewert, members of the arrangement committee, who discussed a proposed advertising brochure and ticket distribution scheme.

Thoeke, who is serving as general chairman of this year's late summer attraction, also outlined several ideas to promote participation and attendance at the show. A general discussion followed.

Delegations from both Granite City and Madison County clubs are to participate in activities at the annual district conference, including the "Governor's Banquet" at 6:30 p.m. in the Edwardsville high school cafeteria.

Dancing will follow at the Holiday Inn to an orchestra.

The 1966 conference will wind up Tuesday, starting with an 8 a.m. breakfast, when delegates will hear an address by Thomas Card of Georgia, personal representative of C. P. H. Tenen, president of Rotary International. Discussion seminars and workshop sessions are scheduled for the remainder of the day, with adjournment at 5 p.m.

Delegates from 47 Rotary clubs in the central Illinois area are expected to participate in the district convention, it was announced.

Maintenance Problem Eases With Small Locks Reopened

Maintenance of the larger 1200-foot locks at the Chain of Rocks canal is carried out on an easier basis with the completion of smaller 600-foot locks, it was reported yesterday by Roy Elliott, lockmaster.

Elliott said the bigger locks were closed down to river traffic Tuesday to permit maintenance work on machinery for the larger locks.

All river traffic was routed through the smaller locks, and whenever a tow will fit in the smaller locks, it is now being used in 1943.

The larger 1200-foot locks on the Chain of Rocks canal are the larger of the two locks of the Alton dam, where construction of a 1200-foot lock is planned — matching the size of the larger one here. In many instances, long tows have to be broken up to go through the 600-foot locks at Alton.

The west wall of the shorter locks was raised to 82 feet — equal to the middle wall and the east wall of the 1200-foot locks. During high water stages, the smaller locks was out of service, and major repairs to the main locks had to be scheduled during periods when the river was at a low stage.

Hit-and-Run Accident

Edith G. Chamption, 81, Garcesse Homes, Madison, reported at 10:40 p.m. Tuesday that a hit-and-run driver struck the left front door of her auto in the 2000 block of Cleveland blvd. and then left the scene.

Gas Pedal Sticks, Mishap

Autos driven by Charles W. Reed, 1929 Courtenay blvd., and Willie L. Douglas, Mound City, Ill., collided at 12:30 p.m. Tuesday at Namecki road and Venice avenue. Douglas said his gas pedal had stuck.

The larger 1200-foot locks on the Chain of Rocks canal is longer than those along the Panama canal.

GC Park Rink Plans to be Board-Citizens Meeting Topic April 21st

Plans for the ice skating rink and year-round recreation center being designed by the architect firm of Gabriel & Dulgeroff are near completion and will be submitted to the park district and a citizens' committee in a meeting next Thursday at 4:30 p.m. in the park office.

The ultra-modern complex will consist of the rink building itself, with a skating surface of 85 feet by 185 feet, surrounded on three sides by a walk ten feet wide and faced on one side by a 26-foot area-way connecting the separate warming building.

Included in the spacious structure which will have a canopy-roof rising to about 60 feet to an area of about 215 by 125 feet, will be a number of separate rooms.

There will be a women's and men's rest room, a concession stand accessible from both inside and outside the skating rink, a storage room for the concessions and an office for the manager.

Other Facilities

Also designed for the building

are a ticket office, skate rental room, display room, a room where coin-operated lockers are situated, a skate sharpening room, a first aid room, an equipment room and a garage for housing the ice scraping machine.

Surrounding the ice skating area will be a three-foot high "hockey dasher" wall made of solid plywood for the protection of skaters who fall or are forced to the sides of the rink.

The ice skating season itself is usually extended from late October until late March. The ideal outside temperature for maintaining optimum ice skating conditions is 50 degrees and under, although warm days within the winter period are of little consequence due to the normally 4 foot frost depth of the ground underneath the ice surface.

In the summer season the rink facilities can be used for square dancing, conventions, various types of entertainment, club meetings and trade displays.

Hope to Start in June
About 600 cubic yards of concrete will be used in the over-all

construction of the complex which will take from eight months to complete with work hopefully to begin in June.

The concrete for the ice surface into which thousands of miles of pipe are embedded must be poured in one pour, even if it means working extended shifts, since there can be no seams in the surface.

This concrete will have a 6000-pound per square inch compression strength, as compared to the normal compression figure of 2500 pounds for most basement walls, footings and concrete floors.

The concrete will also have a coefficient of expansion very close to that of the pipe embedded in it and will have a steel-trowel finish lending an ideal surface for the freezing of ice.

2100-Ton Compressors
Two 1200-ton compressors will use a freon gas which will "cool" an anti-freeze solution to around 10 degrees. The solution, as it is circulated through the pipe system, freezes the water for the ice skating surface and maintains its hardness.

The tolerance for the depth of the ice is from three-quarters of an inch to one and one-fourth inch and might vary because at times more water is added than lost in the scraping operation.

However, when the thickness of the ice becomes too great, the floor and hardness is more difficult to maintain.

The use of the anti-freeze solution is expected to result in a substantial saving in operation costs since it can be used year in and year out without changing or going through the operation of draining the liquid and blowing out the system.

The scraping-re-surfacing of the ice is a unique operation performed by a special machine known as the Zamboni machine, at the arena, where the professional hockey teams usually require additional room behind the goal areas for turning and stopping.

Nonetheless, the new rink will accommodate hockey games and other professional skating events.

MRS. MABEL KENNERLY
3833 Lake Street
WE 1-0152

Mr. and Mrs. Charles Kennerly entertained with an Easter dinner. A large decorated cake centered the table.

Guests present were Ben Williams, Mrs. Bertha Hall and Charlene and Edward Kennerly.

The ladies' auxiliary of the Long Lake fire department held a special meeting Tuesday night at the home of Mrs. Priscilla Young.

Final plans were made for rummage and bake sale to be held Saturday from 9 a.m. to noon at the Long Lake firemen's recreation hall. Proceeds from the sale will be used for a Christmas party for firemen and their friends.

Ladies present were Mesdames Pat McEwen, Renee Arnold, Edna Benson, Edith Gettleman, Lucille Sobczak, Jo Ann Mikolaszuk, Frances Harper, Mary Lou Patterson and Mabel Kennerly.

David Anderson celebrated his fourth birthday this week with a party given by his parents, Mr. and Mrs. Robert Anderson, 4331 Breckenridge lane.

One cake was decorated with white rabbits holding baskets of Easter eggs, and the other cake was in the shape of a large chocolate egg. Games and an Easter egg hunt were held and prizes were awarded.

Refreshments were served to Alvin Schertz, Pamela Snelson, Bobby and Trudy Kimbrell, Rodger, Lori and Randy Siebert, Mark Miller of Rockford, Ill., Becky and Daryl Anderson, Mark and Mary Lynn Miller, Mrs. Carl Snelson, Mrs. Edna Siebert, Mrs. Lois Kimbrell and Mr. and Mrs. William Nieper.

They were later joined by Bill Schertz, Twila Schertz, Mr. and Mrs. Edward Lane, Mr. and Mrs. Gilbert Gilliland and daughter, Sherry, and Mr. and Mrs. Merwin Miller and children, Mark and Mary Lynn, of Rockford, Ill., who were guests for the Easter holidays. The honoree received many gifts.

Mr. and Mrs. James Hodshire, 3829 B street, were dinner guests on Easter at the home of her son and daughter-in-law, Mr. and Mrs. Tommy Tullin and sons, Kenney and Edwin, at Florissant, Mo.

Boy Scout Troop 23 met Tuesday evening at the Long Lake fire hall with Scoutmaster Leonard Barron, Floyd Ashoff, Mel Wheeler, Otto Kremer and Herb Polley.

A board of review was held and the boys worked on first-aid. Boys present were Glenn Ashoff, Steve Mendor, Peter Fourcault, Danny Fourcault, Rudy Reer, John Harper, Danny Dalger, Jimmy Hietik, Freddy Biggs, Danny Tyler, Jim Cox, Danney Kreher, Mark Reer, Gary Tucker and Bill Snider.

Students are Sought

Hospital Staff to Interview Practical Nurse Applicants

Pre-entrance applications currently are being accepted from area residents between the ages of 17 and 55 years who are interested in becoming licensed practical nurses. Interviews for Quad-Cityans are scheduled from 9:30 to 11:30 a.m. Thursday, May 5, and again Thursday and Friday, May 12 and 13, at St. Elizabeth Hospital.

Qualified individuals who are accepted will begin a new course August 18, at the F. W. Olin Vocational School of Practical Nursing, Alton. Mrs. Dorothy Scifres, program coordinator, will supervise interviews with prospective nursing students.

"Today, practical nursing has become an integral and essential part of nursing," Mrs. Scifres said. "In order to become a good practical nurse, training must consist not only of practical experience, but academic instruction also."

Services of a licensed practical nurse are utilized by physicians as office nurses, and by nursing home administrators, in addition to employment in general hospitals.

Close affiliation is maintained with the vocational training school program by the staff of St. Elizabeth Hospital, one of several institutions participating in the practical nurse training series.

Educational programs at the local hospital are supervised and coordinated by Miss Ruth Ann Drube, RN, of the St. Elizabeth Memorial Hospital at Alton, Lakeside Airport at Granite City and Highland-Winnet Airport at Highland.

Guard Jobs are Open At State Boys' School

Miss Maude Myers, director of the Illinois Department of Personnel, announced today that a recruitment program is being conducted for immediate appointment of guards to work at the Sheridan Industrial School for Boys in Sheridan.

Representatives of the Illinois Youth Commission will be at the East St. Louis Armory at 8:30 a.m. Monday, April 18, to interview and hire applicants.

Candidates must over 21, have a high school education, or any equivalent combination of training and experience, good character and pass a written and physical examination. Men with police or prison records are ineligible.

The beginning salary for guards is \$375 monthly, and room, board and laundry services are available for \$27 monthly.

Men interested in applying for immediate positions as guards at Sheridan Industrial School for Boys are asked to be at the East St. Louis Armory, 2931 S. State street, East St. Louis, at 8:30 a.m. Monday, April 18, for interviewing and hiring. Additional information can be secured from the Illinois Department of Personnel, 208 Centennial Building, Springfield, Ill.

ago, then "through the Great Lakes and the St. Lawrence Seaway."

Three public terminals are located in the area including the Bi-State Development Agency Dock and the Tri-City Regional Port District dock, both at Granite City, and the St. Louis Municipal dock. A number of companies and manufacturing firms operate their own terminal facilities.

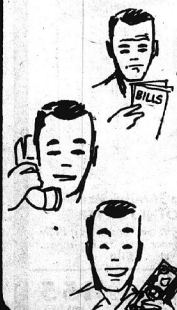

Data also is listed on airport facilities in Madison and St. Clair counties. The report lists five airports in the two-county area and points out that none carry commercial flights. These include the St. Louis Downtown Airport at Collinsville, Parks Airport at East St. Louis, Civic Memorial Airport at Alton, Lakeside Airport at Granite City and Highland-Winnet Airport at Highland.

MRS. FIELDS HOSTESS

The Le Pine club met Tuesday evening at the home of Mrs. Myrtle Fields, 220 Granville street.

Games were played, with prizes going to Mesdames Jesse Jones, Sylvia Myers, Lucy Williams, Adress Brown and Mabel McGee.

Others present were Mesdames Ora Anderson, Naomi Boelling, Hazel Painter, Lili Durrer and Celi McGee. The members were served a two-course luncheon. Next meeting will be held in the home of Mabel McGee.

Mrs. William Ebersold, 804 Third street, entered the Missouri-Pacific Hospital, St. Louis, Monday to undergo surgery.

Registration Starting At Belleville JC

Applications are now being taken at Belleville Junior College for interested high school seniors who will graduate this year. A student must be in the upper half of his graduating class and have completed seven semesters of high school.

The deadline for submitted applications is July 15. However, due to the large enrollment expected, prospective students should apply at an early date, college officials report.

Junior colleges offer a two-year liberal arts and business curriculum to persons not wishing a standard four-year college course. Many students attending junior colleges later continue their education at four-year schools. Additional information is available to students at high school guidance offices.

ATTENDS FUNERAL

Mrs. Jerry Sladky, 4116 Melrose avenue, returned home this week after attending the funeral of her grandmother, Mrs. Anna Anderson, 93, in Norfolk, Neb. While there, Mrs. Sladky visited relatives, some of whom she had not seen since 1927.

Arriving today to spend some time with her were her brothers-in-law and sister and their children, Staff Sgt. and Mrs. Edwin Eschen and their four sons, Steve, Billy, Larry and Ricky Eschen. They are enroute from Plattsburg Air Force Base in New York to Champaign Field, Rantoul, Ill., where he will be approximately four days or until they are notified their housing is available.

MARYVILLE PTA BOARD ELECTS MRS. CHURCH

The Maryville school PTA executive board assembled Tuesday evening for a regular meeting. Delton Groothuis, president, conducted the business meeting and a discussion was held on arrangements for a kindergarten

tea for mothers of students who will enter kindergarten in the fall term. The date will be April 28 at the school.

Also announced was the date for the annual school picnic at Wilcox Park, May 25. Room mother chairmen will meet at the school May 5 to help complete arrangements for the picnic.

The PTA will have a booth at the Namecki Village Shopping Center May 13 and 14 to sell books donated by parents. The sale is to acquire funds to help balance the budget.

Owen Humphreys, principal and a tentative arrangements have been made for parents to attend a Cardinal baseball game in St. Louis May 25. In the event the game is cancelled, other activities have been arranged.

Plans were made to host the Granite City Area PTA Council May 26 at 7:30 p.m. The executive board will serve at host.

Mrs. Beatrice Sawyer, membership chairman, reported the final tabulation on new members for this year was 127.

Due to restricting of the school area, Groothuis, who is president-elect for the coming year, announced he would not be able to fill the office. Nominations were taken from the floor and Mrs. Mary Church was elected as president. Mrs. Bernice Sawyer will fill her vacancy as vice-president.

Other officers to serve for 1966-67 are Mrs. Susan McDonald, secretary, and Mrs. LaVerne Malzynski, treasurer. Installation of new officers will be held at the school during the next meeting May 16.

Mrs. Church and Mrs. Malzynski will be delegates to attend the annual Illinois Congress of Parents and Teachers meeting in Chicago April 21, 22 and 23. Henry Belsie will be guest speaker at the PTA meeting. His topic will be "Counseling and Guidance: Concentrating on Discipline." To illustrate his talk, he will show a film strip, and a question period will follow.

ANNOUNCE BIRTH OF DAUGHTER

Mr. and Mrs. Phillip Hogan, 3221 Wilshire drive, are announcing the birth of their third child, daughter, Wednesday morning at St. Elizabeth Hospital.

The new arrival, who has been named Kathleen, weighed seven pounds, six ounces. She has one sister, Tammy Jo, seven years old, and a brother, Patrick Sean, five years old.

Maternal grandparents are Mr. and Mrs. Fred Schulte of Belvidere, Ill., and paternal grandparents are Mr. and Mrs. Ross Hogan of Granite City.

MRS. JERGENOVIC CLUB HOSTESS

Mrs. Charlotte Jergencovic entertained her canasta club in her home, 1419 Madison avenue, Tuesday evening.

Those holding high scores were Mrs. Carolyn Allen, first, Mrs. Vervyn Volmer, second, and Mrs. Mary Hogan, third. The prize went to Mrs. Becky Parish.

The hostess served a dessert luncheon to those named and Mesdames, Villiamus Tucker, Marie Naeve and Doree Smart.

Mrs. Allen invited the club to meet in her home April 26.

HOLY NAME SOCIETY MONTHLY MEETING

A monthly meeting of the Holy Name Society of St. Elizabeth Catholic Church was held Tuesday evening at the church.

Patricia, vice-president, conducted business in the absence of President Henry Lantz and reported the meeting by giving the Holy Name pledge.

Reports were given by Ray Taylor, secretary, and Kenneth Sudholt, treasurer. John Gyarmati discussed the school picnic and plans that have been made; a final date will be set later.

John Biel submitted a report on new families contacted in the parish.

Two basketball trophies were presented to the Society by Tony Bellus from the tennis sponsors. They will be kept in the trophy case at the school. He also announced the society is sponsoring three soccer teams this year. Tentative plans have been made to form a men's softball league if enough interest is shown.

John Klesh announced a retreat to be held at King's House May 6, 7 and 8.

Also submitted were names of 12 men to serve as fish fry chairmen for the coming year. Each will serve for one month. The next fish fry is scheduled for April 29 at the school cafeteria.

The Holy Name Society will serve breakfast to the Altar Society May 1 following the 8 a.m. mass. The evening's prize was awarded in Elroy Hurz. The meeting was closed by prayer given by John Klesh.

Program was a film on fishing and fishing followed by refreshments served by Bob Stegelmeier, chairman, and his committee. The next meeting is set for May 10 at the church.

2 Promotions Announced This Week at Hospital

Promotions for two staffers at St. Elizabeth Hospital were announced this week by Sister Mary Thomas, administrator, who said that Sister Mary Paul is to be associate administrator and Miss Dolores Clyde is director of education.

Sister Mary Paul will assist Sister Mary Thomas in the administrative capacity for planning and supervision and will be

in charge of the hospital in the absence of Sister Mary Thomas. Sister Mary Paul will continue to be supervisor of the hospital's x-ray department.

She is a graduate of the hospital's school of nursing and was head of the pediatric department for seven years before taking charge of the x-ray department in 1949. She also is superior of the religious at the hospital and is provincial counselor of the Sisters of Divine Providence of Normandy, Mo.

Miss Clyde, a Granite Cityan, is a 1959 graduate of the local high school and attended Jewish Hospital, St. Louis, school of nursing, graduating in 1959. The same year, she joined the staff of St. Elizabeth Hospital as a floor nurse in the pediatric department.

She was placed in charge of central supply at the hospital in 1960 and in 1962 supervisor of the emergency department was added to her duties.

Last October, she joined the newly-created department of education as educational program manager and this week she succeeds John P. Drevies as director of education. Drevies continues as director of public relations.

Applications for Medicare Will be Taken Until May 31

Older people in the local area who did not sign up for the voluntary doctor bill insurance under medicare before the close of the first enrollment period on March 31 have been given a little more time. Ralph Brasher, social security district manager at the East St. Louis office announced today.

In legislation signed by President Johnson last week, Congress has extended until May 31 the deadline for enrollment by persons 65 or over.

Nearly 80% of the nation's elderly were enrolled for the doctor bill insurance when social security offices closed at midnight on March 31, Brasher said. Only 9% had turned down the protection which supplements the basic hospital insurance provided persons 65 and over.

Older people who have not yet applied for their medicare benefits should get in touch with the nearest social security office now, Brasher said.

About 270,000 people 72 or older who may never have worked under social security at all were made eligible for monthly social security benefits of \$55 for a single person and \$82.50 for a couple under a change in the law enacted last month. The new payments will begin with the month of October 1966. An estimated 22,000 of these newly eligible people live in Illinois.

Eligible persons 72 or older who have already applied for medicare will not need to make special application for the new payments. The Social Security Administration will be getting in touch with them. But other 72 or older persons who need to apply, Brasher emphasized. At the same time they will be able to protect their right to the basic hospital insurance provided persons 65 or over under medicare, and also make a decision as to whether they want the voluntary doctor bill insurance.

The voluntary doctor bill insurance, he said, will be financed out of the \$1 monthly premium of those 65 and over who enroll, with a matching \$3 a month for each enrollee contributed out of general revenues.

The \$3 premiums do not become payable until July when the medicare program goes into operation. But persons 65 or over by February of this year who delay signing up until May 31 will have to wait two years for another chance to enroll. The next general enrollment period will be October 1967 through December 1967 for a medical insurance benefits payable until July 1968.

The social security district office in East St. Louis is located at 435 Missouri avenue. The phone numbers are BRidge 4-2200 and EXpress 7-5550.

MORE ABOUT GC Air Pollution

through tax reduction, be given firms that spend large amounts for air pollution control.

"Since clean air is enjoyed by all of society, it seems appropriate that tax relief for pollution control equipment be offered," the committee declared.

He suggested three specific actions by which this could be done: 1. A three-year depreciation schedule for writing off the cost of the equipment; 2. A 20% investment credit, and 3. elimination of sales, use, real and personal property taxes on abatement equipment and land, as long as the land is occupied by pollution abatement equipment.

The meeting at the Sheraton Inn Motel in St. Louis also was attended by Granite City Air Pollution Control Board members Henry Bienenick and Theodore Krause, and William Hoelscher, manager of the Manufacturers Association of the Tri-Cities.

Elmer P. Wheeler, manager of environmental health at Monsanto Company's Krummrich plant at Monsanto, said new equipment is being installed there that will reduce output of sulfur dioxide by 40%. He said two sulfuric acid units at the Krummrich plant are being replaced with a new unit and a third unit is being modified to avoid the emission of sulfur dioxide and sulfuric acid mist. Both of the units will be designed to meet air pollution elimination requirements of the Los Angeles and San Francisco bay areas which are two of the most rigidly controlled areas in the country, Wheeler said.

Man, Wife Team Will Give SIU-SW Program

To and Penny Aranson, a man-wife team, who present Jewish history through folk dance and music, will appear at Southern Illinois University-Southwestern Campus on Tuesday.

To Aranson does all the musical accompaniment on the guitar and ukulele as his wife gives her sensitive interpretation of their people through dancing and pantomime. The team, which has no agent, travels on its own and has been doing the Midwest circuit since January.

Entitled "Battle Hymn of the Republic," the Aranson program will begin at 8 p.m. in the auditorium of SIU-SW's Lowery Library. The presentation, open to the public without charge, is being sponsored by the current events committee of the University Center Board.

One of the easiest ways to get into hot water is to step under a shower of criticism.

Humane Dept. Truck
In the only other action during the special meeting, the council agreed to purchase a truck for the humane officer other than that approved on a bid basis a week earlier from Mathew Chevrolet.

The cost of the other truck from the same agency will be \$80 higher, but it is stronger, with heavy duty springs and added horsepower, and is available immediately. Alderman Boyd said arrival of the original truck would be delayed a month because of the recent railroad strike, and the city now is renting a truck for the department.

Attends University Seminar
Dr. Benjamin T. Rose, 1833 State street, a local optometrist, has returned from Chicago where he attended a seminar at the University of Chicago Center for Continuing Education. The seminar was concerned with the development of children's vision.

Diamond Ring, Plumbing Fixtures Among Thefts

Eight burglaries and theft cases were reported in the Quad-City area to city and county authorities since Monday, with loot including a diamond ring, plumbing fixtures and cash.

Mrs. Edward Rosenberg, 2264 Cleveland Blvd., reported at 9:35 a.m. Wednesday that a diamond ring valued at \$400 was taken from a coat hanging in the downstairs hallway of her home on April 3 or 4.

Pipe fittings, copper tubing and plumbing fixtures were stolen from a trailer owned by Tri-angle Heating Co. during the weekend while it was parked on East Chain of Rocks road off Highway 111. It was reported to the sheriff's office Monday.

A burglar took \$25 in bills and \$15 in coins from the A & W beer stand, 2868 Madison avenue, at 2 p.m. Monday, it was reported at 10:25 a.m. Tuesday. Also taken was a box of gum valued at 90 cents. Entry was gained through a rear window which was left ajar.

Money, Soda Stolen
About \$50 and 20 bottles of soda were stolen from the home of Waldo Gayland, 320 Fleming place, Mitchell, in a weekend burglary, it was reported Monday to the sheriff's office. The house was ransacked. Entry was gained by breaking a garage window and forcing the kitchen door.

An undetermined amount of cigarettes and cash were taken in a burglary at the East 23rd street confectionery at Edna street, it was reported at 10:10 a.m. Wednesday. Entry was gained by breaking a front door glass.

Robert Patrick, 1617 Pontion road, a Price-Range advertising salesman, reported at 3:20 p.m. Wednesday that \$10 in change and several trading stamp books were stolen from the bedroom of his home after a former baby sitter appeared there at 11:30 a.m.

He said the visitor told his current baby sitter that she was his sister-in-law and wanted to get a pair of slacks. After she left, the baby sitter called Patrick, who went home to check the lock. No arrest has been made.

A red 1961 half-ton truck owned by Maik Hagopian, 161 Chestnut street, was stolen from his home at about 8 p.m. Tuesday.

MORE ABOUT Chouteau

Clifford said he has no intention of applying the new laws until there is an official interpretation of the time that will be allowed landfill operators to meet the new requirements.

He said he will ask Bartylak to request an opinion of the attorney general's office at Springfield pertaining to this time limitation.

Claims It's Political
Lea Abel, Madison, manager of the landfill, told the Press-Record that "all of this effort to close us down is political. We have been told by Jack Clifford that we are an A-1 operation and that we are the No. 2 landfill in all of Madison county. Trocider (Joseph Trocider, supervisor of Chouteau township) started this a long time ago and for some reason wants to put us out of business."

"Trocider has had county officials, state police, state health officials and everyone else out here, but we are still operating because we are meeting the requirements of the state law. We can't go by what five or ten people want us to do, we have to go according to the law," Abel added.

He said that a landfill is a necessary thing for disposal of trash and garbage and pointed out that the Chouteau Island landfill serves many communities, local industrial firms and several oil companies.

"We have a big investment in equipment, and we believe we are doing an efficient landfill business," Abel said, adding that "an Illinois Public Health official inspected the operation about a month ago and told us we were conducting a proper landfill."

Abel said that the landfill corporation recently purchased additional land, 46 acres on the north side and 25 acres on the south side of the present site to expand the landfill.

It was reported in an alley between Charles and Edna streets. Gilbert Robert, 2025 Amos avenue, reported at 10:10 a.m. Wednesday that a break-in occurred during the last few days at the home of his mother at 2306 Washington street. Entry was gained through a basement window. Nothing was reported missing.

Dr. Steinitz to Give Program at SIU-SW

The renowned British organist-conductor, Dr. Paul Steinitz, of London, will make his first of seven appearances in Edwardsville Monday evening, when he presents a commentary for a concert by the Madrigal Singers of Southern Illinois University-Southwestern campus. The performance at 8:15 p.m. will be conducted by Dr. Leonard Van Camp, director of choral activities.

collapsed to the floor and would not return, causing the mishap. He was charged with careless driving.

He was admitted to St. Elizabeth Hospital with a back injury and an abrasion to his left knee.

Two Drivers Injured
Two persons were injured when auto driven by Miss Jo Ann Summerford, 19, of 1029 Sycamore street, and Mrs. Annabelle Bilyeu, 37, of Collinsville, collided at 3:45 p.m. Monday at 1st street and Madison avenue.

Both drivers were taken to St. Elizabeth Hospital and were released following treatment and x-rays. Miss Summerford, who hit her head on the windshield, suffered a scalp and abrasion injuries to both knees. Mrs. Bilyeu suffered an abrasion to the back of her head and abrasions to her right knee and right forearm. Mrs. Bilyeu was charged with a right-of-way violation.

Bobby L. Chris, 18, of Fort Knox, Ky., was taken to St. Elizabeth Hospital at 10:45 p.m. Monday after being thrown from a moving car in an accident which apparently occurred in the 1900 block Graves avenue. He complained of a headache and was transferred to Scott Air Force Base Hospital. A report of the mishap was not filed with authorities.

Head Hits Wheel
Nancy Drew, 16, of Art 72, 2707 Harvey place, suffered a contusion to the nose when her head struck the steering wheel of her auto in an accident Wednesday night. She was given treatment at St. Elizabeth Hospital at 9:30 p.m. and was released after skull x-rays were taken. Details of the accident were unavailable.

Cuts Wrist, Takes Pills
Gary Dacus, 23, of 1111 Madison avenue, Madison, was admitted to St. Elizabeth Hospital at 1:30 a.m. today after taking about 50 sleeping pills and slashing his left wrist in an apparent suicide attempt. He appeared alone at the hospital emergency room. He was to be transferred to a St. Louis hospital for treatment.

Third Year for Johnson
The vote to retain Johnson as superintendent for the next year, which was \$60. His salary is to be set prior to July 1.

The board decided to continue meeting at its office, 2014 State street, at 7:30 p.m. each second Monday and fourth Wednesday.

After canvassing the 1187 votes cast last weekend, the board declared Worthen elected to a new three-year term with 1028 votes and Dillard re-named to the board with 981 votes. Harry T. Tongay, third candidate on the ballot, received 191 votes.

The figures are the same as those determined unofficially on the election night. There were 27 spoiled ballots, 20 absentee votes and four write-in votes.

It was the smallest turnout since the 181-vote April 1962 board election.

Former Local Resident, Mrs. Lucy Cooper, Dies

Mrs. Lucy Lee Cooper, 82, of 202 Art street, Collinsville, formerly of Venice, died at 1:15 p.m. yesterday, at her home. Her husband, James R. Cooper, died in 1961.

Born in Shannon county, Mo., Mrs. Cooper had resided in Collinsville for 18 months. Previously, she had lived in the Venice area for more than 30 years. Her husband, James R. Cooper, died in 1961.

Surviving are a son, Archie Cooper of Venice; a daughter, Mrs. Walter (Maggie) Baker of Collinsville; a brother, Walter Brammell, Fox, Ark.; five grandchildren and ten great-grandchildren.

Funeral arrangements are given in today's obituary column.

'Y' Swimmers In Chicago Meet

Twenty-five girls from the YMCA will be journeying to Brookfield, Ill., to Riverside high school for state finals in swimming Saturday.

The Granite City swimmers ran away with the District Four finals, which were held in Granite City for the first time in a YMCA swimming competition.

Coach Dave Walker forecast a good showing in the state meet. Five age groups will be competing in the Cadet, Prep, Midget, Intermediate, and Junior classes.

MRS. DONNA HOGAN
3205 WILSHIRE DRIVE — TR 7-0127

SEVENTH BIRTHDAY

Miss Karin Reznack celebrated her seventh birthday this week with a party given by her parents, Mr. and Mrs. Andrew Reznack, in their home, 117 Riviera drive.

The dining table held two cakes, one made in the form of an Easter basket which was filled with miniature chickens and Easter eggs. The other cake was decorated with a ballerina. Favors for the guests were multi-colored plastic eggs filled with candies.

Party games were played and prizes were awarded to Linda and Denise St. Ivany and Mary Claire Beatty. The honoree opened many gifts, followed by refreshments of ice cream, cake and soft drinks.

The guest list included Mary Ann and Susan Bury, Lori Winters, Kelly Twilman, Steve Michel, Kathy Reznack and the honored guests' sisters, Andrea, Lauren, Lisa and Juliet Reznack.

ENTERTAINS GUEST

Mr. and Mrs. Earl Miles, 2625 East Lake drive, has entertained Mrs. Flo Christoffel of Los Angeles for the past two days. Mrs. Christoffel had been visiting Mrs. Maude Tatum during the past week. She will remain here for two weeks more to visit friends and relatives; she is a former local resident.

RICK JONES HONORED ON FIFTH BIRTHDAY

Mr. and Mrs. Ed Jones, 1812 Ferguson avenue, entertained friends at a birthday party Sunday afternoon in their home honoring their son, Rick Jones, on his fifth birthday.

Party decorations were in a "wild west" theme, and games in keeping with the theme were played. Those winning prizes were Allen Dissler, Lee Ann Lane and Peggy Winton. Cake, ice cream and soft drinks were served by the hosts following the opening of gifts.

Those attending were Terry and Donald Winton, Lisa Milani, Lisa Dissler, Cindy Byars, Denise Digrick, Drew and Diane Ezell and Sheila and Becky Crews.

CONFIRMATION HONOR HONORS SUE HOGAN

Mr. and Mrs. John Hogan, 3205 Wilshire drive, entertained friends and relatives with a dinner party Sunday evening in honor of their daughter, Sue Hogan, on her confirmation and first communion during services over the past three Sundays at

St. John's United Church of Christ

A six o'clock dinner was served to Mr. and Mrs. Emile Damotte, grandparents; Mr. and Mrs. George E. Crocker of Edwardsville, a great-uncle and aunt, who is also her sponsor; Mr. and Mrs. Ed Bushue and daughter, Shannon, a brother-in-law and niece; Miss Vicki Lakin, the honoree's sister, Maureen Hogan; and Emile Damotte of Rolla, Mo., her uncle.

BRIDGE CLUB HOLDS WEEKLY MEETINGS

On Sunday evening, the Granite City Duplicate Bridge club assembled at the Elks club for a weekly meeting. Those who went were Mrs. Muriel Dressel and Mrs. Helen Meyer, first place; Mrs. Bernice Gzestek and John Haines, second place; and tied for third place, Mr. and Mrs. Paul Desford and Dr. and Mrs. Mel Freedman.

The club will meet again at 8:45 p.m. Sunday at the Elks club under the direction of Mrs. Helen Meyer.

The Nameoki Duplicate Bridge Club met Monday morning in the home of the director, Mrs. Meyer, 2832 Yale drive, for a regular session. First-place honors went to Mrs. Hulda Davis and Mrs. Meyer, second to Mrs. Mildred Branding and Mrs. Helen Wyman, and third to Mrs. Carmen Edmonds and Mrs. Golda Bieser.

The Nameoki club will hold its next regular meeting at 10:15 a.m. Monday in the home of Mrs. Meyer, who invites the public to attend either of both meetings.

GYMNASTIC WINNER

Debbie Griffin, six-year-old daughter of Mr. and Mrs. Richard Griffin, 2607 Garfield avenue, was a gymnastics winner at the Granite City park district gymnastics meet Tuesday afternoon at the Lincoln Place Community Center.

Registered in the beginners' girls division, she placed first on the trampoline, second in tumbling and second on the balance beam. She is a first grade student at Frohardt school. Intermediate division competition will be held Thursday afternoon at the center.

BROWNIES TOUR BAKERY

Brownie Troop 738, sponsored by the Frohardt school PTA met Tuesday and was taken on a tour of Seibold's Bakery on Madison avenue in lieu of a regular meeting.

The girls were accompanied on

Granite City PRESS-RECORD
Page 24 Thurs., April 14, 1966

the trip by Mrs. Nona Corallius, Mrs. Rose Beckett, Mrs. Pat Winters, leader, and Mrs. Mabel Parker, co-leader.

Selection of new officers was made at this get-together. They are Kim Kitchen, president; Sheila Harmon, secretary, and Sherry Harmon, treasurer.

Mrs. Winters announced that room members will finish work on dunking bags at the next board meeting in the home, 125 Riviera drive, April 19.

ANNOUNCE BIRTH OF FOURTH CHILD

Major (Ret.) and Mrs. Alfred Edward Fuller Jr., 1 Miami court, are announcing the birth of their fourth child, a daughter, Tuesday at Scott Air Force Base, Belleville. The new arrival has been named Karen Leigh and weighed five pounds, eight ounces.

She has two sisters, Jeanne Adele, six years old, and Anne Michele, three years old, and a brother, Alfred Edward III, who is four and a half. The maternal grandmother is Mrs. Steven Edith Fuller of Granite City and the paternal grandmother is Mrs. Edith Fuller of Hudson, Mass.

PANEL DISCUSSION FOR FROHARDT PTA

Francis Herman, president of the Frohardt school PTA, conducted an executive board meeting Tuesday evening at Central Christian Church.

Don Maciek, picnic chairman, announced plans for the annual school picnic, and a discussion followed. The picnic is set for May 13 at Wilson Park.

The program planned for the next PTA meeting April 19 at the school is tentatively to be a panel discussion.

Mrs. Mary Jesse announced that Mrs. Marty Thomas will speak on the program of the Scholarship Foundation.

Mrs. Donna Hogan submitted a report on the recent fund-raising project of the year. A brief discussion was held on delegates for the state convention in Chicago and resolutions to be voted on there.

Mrs. Maxine E. Ellington announced that the school nurse, Mrs. Bea Pyle was assisted in weighing and measuring pupils by Mrs. Butler, gym teacher, and

Mrs. Mary Jesse announced a district workshop for officers and committee chairmen will be held May 10. The board approved a suggestion made by PTA District 29, a gift from Mrs. Eula Brazier, state PTA second vice-president. She will be leaving this area when she assumes her duties as first vice-president of the state.

A letter was read by Mrs. Charlotte Gauen from the state board, complimenting Mrs. Jo Ann Kaler as membership chairman for the large increase. An article concerning this will appear in the May issue of the Illinois PTA booklet.

Others attending were Mrs. Jo Harmon, Kim Kitchen, Beth Ann Kaler, Mrs. Manogian, Earl Willis and those named.

CENTRAL CHRISTIAN DEDICATION JUNE 19

A monthly meeting of the Central Christian Church council was held Monday evening at the church, with 15 members present. Chairman Henry Randall presided over the business meeting and reports were submitted by standing committee chairman.

Announcement was made of the annual meeting of the congregation April 28 at 7 p.m. at the church. It was decided to combine this meeting with the monthly "family night" program. Final plans were made for dedication of the new sanctuary. The date set is June 19, which is also the tenth anniversary of the dedication of the first unit of the building. Services will be held at 3 p.m. and the guest speaker will be Dr. A. Dale Fiers, executive secretary of the International Convention of Christian Churches. His office is in Indianapolis, Ind.

Rev. James Craddock, pastor, announced an area census will be conducted in September. He will serve as general chairman and is asking that this be a cooperative venture of churches in this area.

The next meeting will be held at the church May 9.

Temporary Buildings Still in Use at SIU

Despite a \$36 million program for permanent improvements in the past 10 years, there's still a lot of the "temporary" at Southern Illinois University's Carbondale campus.

The school is using more barracks, houses, gunset huts, plywood domes—even garages—than ever before. Most recent space directory compiled by Rino Bianchi, administrative assistant to John Rendleman, vice-president

for business affairs, shows 228 temporary buildings on the campus.

In 1959, when SIU was at the peak of a "space crisis," 140 temporary buildings were jammed from basements to attics with offices, classrooms and research laboratories. That was before passage of a statewide universities construction bond issue which provided \$53 million for SIU at its two campuses.

But the main building priority has been for classroom space and housing in order to meet constant enrollment pressures. Parallel growth in faculty and administration, research programs and units serving the whole school organism has meant more demand for temporary space.

Pfc. Mounce Completes Marine Basic Training

Marine Pfc. Michael Mounce, son of Mr. and Mrs. Joseph Singer, 2836 Wayne avenue, is taking advance combat training at Camp Pendleton, Calif., after recently completing basic training at San Diego.

The local youth, who enlisted Jan. 31, was one of eight promoted to private first class from his recruit training group of 84 men. He also served as commander of his platoon and took top honors on the rifle range.

According to his mother, Mounce will complete his present training April 22, when he is to be assigned to the Marine Corps Aviation Wing at Memphis, Tenn., for a six-month course.

Before coming home for a 24-day leave, Mounce will visit former Granite Cityans, Mr. and Mrs. Winston A. McIlroy and daughter, Miss Sharon McIlroy, now residing near Los Angeles. The latter, who attended Granite City high school with the Marine trainee, was his guest at the recent graduation exercises in San Diego.

Mounce, 19, a member of GCHS 1965 state champion wrestling squad, briefly attended Southern Illinois University-Southwestern campus and was employed by Union Electric Co. prior to joining the Marine Corps.

Fred Waring to Lead

SIU Choral Workshop

Southern Illinois University will offer a choral workshop under the direction of Fred Waring, leader of the Pennsylvania choral group at Carbondale.

Charles Taylor, associate professor of music education at SIU, announced that the workshop will run from July 10 through 15 and be comprised of 17 sessions totaling about 40 hours of instruction. Tuition for the six-day session will be \$55, which includes room and meals or \$65 for tuition alone. College credit may be obtained for the workshop.

Although open to anyone interested, the course is designed for choral directors and musicians of schools and churches or camp and community song leaders, Taylor said.

GCHS Concert Band

To Perform at Kiel

The Granite City high school concert band will play Friday night at the Kiel Opera House, St. Louis, at the request of the Bach Society of Greater St. Louis.

Louis Meek, director, said the band will play some of the most famous chorales of Johann Sebastian Bach. The concert will take place in the foyer of the Opera House before the performance of the "St. Matthew Passion" under the direction of William Wynne, to feature the St. Louis Symphony Orchestra, a chorus and several soloists. It starts at 8:30 p.m.

A chorale was written originally as a church hymn for a large chorus.

Polynesian Paradise Prom At GCHS Saturday Night

The annual "spring formal prom" at Granite City high school will be held at 8:30 p.m. Saturday night in the Memorial gym. The theme will be "Polynesian Paradise," and the setting will be a tropical island.

Palm trees, a series of huts and a large silver ball strung from the ceiling will present the feeling of island charm to the boys gym. For the first time, a special pulley has been constructed to hold decorations.

Chairmen for the event are Alice Cross, programs; Carol Harris, tables; and Ginger Briggs, Kathy Holmes and Don

Kirksey, decorations. Junior class deans, with Miss Mary Yankoff in charge, will provide the food.

The Student Council is sponsor of the formal, with junior members forming the basic committees. They are Mary Berosky, Chris Dye, Jim Greve, Steve Mance, Alice Cross, Ron Turner, Carol Harris, Debbie Puletti, Pam Swan. Senior council members served as advisors.

Tickets were sold to juniors and seniors and their dates. Students of sophomore or lower grades are not permitted to attend.

Senior Class at GCHS to Present Comedy April 22

The senior class of Granite City high school will present its annual play, "Rhinozeros," a French comedy by Eugene Ionesco, on Friday evening of next week in the school auditorium. It will be directed by Richard King, head of the speech department.

King said the major theme of the play is conformity. It concerns a man who watches his best friend and co-worker turn into a rhinoceros, but when he decides to become one, he is too late and becomes the only man left in town.

The cast will include Debbie Williams as Daisy, Rick Turner as Mr. Dudard, Scott Kolesa as Mr. Botard, Alan Cridice as Mr. Papillon, Mike Reynolds as the grocer, Sheila Coggins as the grocer's wife, Donna Hillen as the housewife, and Linda Dean as the waitress.

Others in the cast include Jack Farrow, Rob Fischer, Arvil Taylor and Tom Barlett. Tickets are now on sale, and student activity tickets may be used to purchase one. All seats will be reserved.

Writing Contest Set

For Seniors by Club

The Lesche Literary Club will conduct a writing contest for all graduating seniors at Granite City high school on the theme "A Most Unforgettable Character."

Entrants also will be required to write another theme to be selected by the student and his teacher. Entries are due on April 29. Teachers will serve as judges. Names of winners will be announced at the school's recognition assembly on May 10. The first place winners will receive a cash prize, and second and third-place winners will receive ribbons.

Seminar for Businessmen Set for SIU-SW Campus

Southern Illinois University-Southwestern Campus will inaugurate another in its series of seminars designed to meet the continuing educational need of adults when it holds the first annual Seminar for Office Supervisors on the local campus April 27-28.

The two-day event is being sponsored by the SIU technical and adult education division, business education faculty, small business institute and division of university extension. The seminar is intended for all persons responsible for the functioning of office staffs in business and industry.

SIU Students to Show Views on College Life

More than 24,000 Southern Illinois University students are expected in the next few days to complete copies of a questionnaire designed to show their views on university life and policies.

The questionnaire is part of a survey by Southern's student-faculty commission on the Role of Students in University Affairs, appointed last spring by SIU President Delyte W. Morris to study involvement of students in decisions which directly affect them.

Robert W. MacVicar, SIU vice-president for academic affairs, said Southern "has had a history of involving its students in the process of decision making and has vested in them responsibility for the management of certain aspects of affairs relevant to their particular concern."

He said the commission will devise a means of administering the questionnaire in such a way that the entire student body will be involved without undue repetition.

SIU Trustees Add 21 To Southwestern Staff

The Southern Illinois University board of trustees approved the addition of 21 members to the faculty and made 29 term appointments for the southwestern campus at a meeting in Chicago. The trustees also authorized a planning study for an international center for business and industry proposed for the new campus here.

The center would prepare American businessmen to live and work in foreign lands and serve a similar task in orienting businessmen from abroad coming to live and work in the United States. In addition, the board opened bids for the purchase of \$12 million in revenue bonds for the Brush Towers residence halls at Carbondale, and approved promotions of 31 faculty members in academic rank.

Fellowships in Special Education Available

Fellowships for graduate students majoring in special education and for teachers with a bachelor's degree and certificate in special education or other fields are available for the summer session which begins June 20 at Southern Illinois University-Southwestern Campus.

The fellowships amount to \$600 plus tuition for an eight-week session or \$80 per week plus tuition for a shorter session. Purpose of the fellowships,

which are sponsored by the Illinois Department of Special Education, Springfield, is to prepare teachers of mentally handicapped children.

Priority will be given teachers who will be employed in special education classes during the 1966-67 school year, but teachers with temporary approval will also be considered. Fellowship applications may be secured by writing Prof. Mark Tucker, Education Division, Southern Illinois University-Southwestern Campus, or by visiting Room 2225, Peck classroom building.

More Teacher Scholarships Now Available

More teacher scholarships will be available to Illinois high school boys and girls, effective July 1, than at any previous time. New legislation provides for this office to issue to high schools with an enrollment of 500 or more students one scholarship for each 100 additional students who are enrolled in high schools with enrollment of less than 500 students will continue to receive five scholarships. The previous top limit was nine for schools with an enrollment exceeding 1000 and seven were granted to schools with an enrollment between 500 and 1000 students. Some of the larger schools may now receive as many as fifty or more scholarships.

New legislation also created 250 additional scholarships for adults who have been out of high school for four or more years and are not eligible under any other teacher scholarship plan. Junior Colleges are awarded scholarships on the basis of four for schools with fewer than 500 students; five for schools with an enrollment between 500 and 1000 students and six for schools with over 1000 students. In the case of special education 250 chase and autographing. The scholarships are available each year. Fifteen teacher scholar-

Six on SIU-SW Staff Receive Promotions

Six members of the faculty at Southern Illinois University-Southwestern Campus were approved for promotions by the SIU board of trustees.

Raised to the rank of full professor were Paul Guenther of the humanities division and Patrick Riddleberger, a member of the social sciences division.

Approved for changes in rank from assistant to associate professors were John I. Ades, humanities division; Donald Bedel, business division; Mrs. Catherine Mitovich, fine arts; and Robert Rutledge, science and technology.

ships are offered to holders of high school equivalency certificates.

Scholarships are for four calendar years and are granted annually to all recognized public, private and parochial high schools. Recipients are entitled to instruction, matriculation fees, graduation fees, tuition and activity fees or other fees in a program of teacher education. The scholarships are for the University of Illinois, Western Illinois University, Southern Illinois University, Illinois State University, Northern Illinois University and Eastern Illinois University.

Madison County Farm Adviser

Clover Mites on Move

Don't panic if you think you see tiny dark red or almost black specks crawling on window sills, baseboards and doors of the house. Chances are you'll be looking at young clover mites looking for food. Several people have brought "samples" of the mites to the farm adviser's office for identification.

Clover mites do not bite people, nor do they injure clothing, drap-

eries, rugs or foodstuffs. The pests become active about the time the grass becomes green. Their rating as a pest around the house depends on the degree of the fussiness of the housekeeper. Mites feed on tender grass and clover in the lawn.

Don't try to brush mites off the house. You'll probably smother their soft bodies. Treat infested areas with a pyrethrum-containing insecticide. This kills the mites and you can pick them up with a vacuum cleaner. These measures are only temporary and will have to be repeated unless an area around the house outside is also treated as follows:

Remove grass and weeds next to foundation, leaving a strip of bare soil at least 18 inches wide. This strip can be planted to such flowers as zinnias, marigolds,

chrysanthemums, roses and nasturtiums, which do not attract clover mites.

Apply one of the following miticides or chemicals to the foundation and wall up to the window, and to the lawn extending out from the house for about 10 feet.

Dust heavily with Aramite, chlorobenzilate of Kelthane, or spray heavily with Aramite 15-W or chlorobenzilate 25-W at the rate of 8 pounds per 100 gallons of water. Use Kelthane 18.5-W at the rate of 2 pounds per 100 gallons of water. If a sprayer is not available, apply with a sprinkling can, using 1/4 pound to 3 gallons of water.

Mites become inactive again in June. With the return of moderate temperatures in the fall, eggs hatch and houses may be invaded again.

Proper Time to Attack Weeds

The best time to attack weeds in your garden is before or just as they appear on the soil surface. If allowed to grow too large, weeds will shade your crop, causing a poor crop to grow. Weeds also harbor insects and diseases.

Cultivation and mulching will help you in your weed control program. Chemical weed control is best left to commercial growers, since your garden will have several different types of vegetables in many different stages of growth. Under these conditions,

wood killers are rather dangerous to use. The main purpose of cultivation—by hoe or cultivator—is weed control, although you may need to work some soils early in the season to loosen the soil and provide better aeration for the plant roots. Begin cultivations as soon as weeds begin to sprout. Repeat cultivations as weeds appear. Don't cultivate too deeply, only deep enough to kill weeds. Too-deep cultivating will injure plant roots. Also don't work the soil if it is too wet.

Most vegetables benefit from mulching. Tomatoes, cucumbers, melons, beans and potatoes are some of the crops which are most practical to mulch. Besides controlling weeds, the mulch will conserve moisture, regulate the soil temperature and keep the fruits clean.

You can choose your mulch from such materials as leaves, grass clippings, peat moss, sawdust, ground corn cobs, straw, hay, shavings, aluminum foil, paper, and black plastic. Apply the material in a 2-inch layer, leaving a narrow strip around the plants to allow for the first cultivation. Leaves and straw are usually applied 3 to 4 inches deep. A mulch of peat moss, sawdust, grass clippings or wood chips is seldom more than 2 inches thick.

Some organic mulches may cause a nitrogen deficiency to develop in your crops, because organisms that decompose the

Prayer Day for Vietnam Program is Outlined

Two months of planning will culminate in the sunrise event which will be climaxed at 7 a.m. (DST) not meant as a substitute for Sunday, April 24, when a special sunrise service in Wilson Park will commemorate the Quad-City Day of Prayer for service men in Vietnam.

The sunrise services, however, will be quite impressive. There will be a presentation of the colors by the guard unit from the Granite City Jaycees, is endorsed by the Tri-Cities Ministerial Alliance and has the encouragement of churches and other Quad-City organizations. The sunrise service will feature a color guard from the Granite City Army Depot, the Granite City high school choir, Quad-City ministers and the featured speaker, the Army Depot Chaplain Capt. Richard H. Hilton.

The Wilson Park observance is designed to set the theme for the entire day in which citizens are urged to individually offer prayers in their own church services. One particular note of caution is being stressed by planners of the special day of prayer. Sunday, April 24 is the official beginning of daylight saving time and clocks will have been set forward one hour at 2 a.m. the same morning.

SUGGESTION AWARD is presented to Henry Constant, 2723 Marshall avenue, at the Granite City Army Depot. Constant, a depot employee for 16 years, and a fork lift operator in the Labor and Equipment Division, suggested an additional dockboard be installed in the shipping area to relieve congestion while loading or unloading trucks.

Guerrilla Type Training For Pvt. Freddy Moran

Army Pvt. Freddy M. Moran, son of Walter H. Moran, 2428 Ohio avenue, has completed advanced infantry training at Fort Polk, La., plus a week of guerrilla warfare training.

During his additional instruction he lived under simulated Vietnam conditions for five days, fighting off night attacks and conducting raids on "enemy" villages. Moran was taught methods of removing booby traps, to set ambushes, and to avoid enemy ambushes. Other specialized instruction included small unit tactics, weapons firing, map reading, landmine warfare and communications.

The 21-year-old soldier entered the Army last November and completed basic training at Fort Leonard Wood, Mo. The son of Mrs. Ivy J. Moran, 1439 Madison avenue, he was graduated from Conway (Ark.) high school in 1964.

American Motors Sales Increase, Brewer Says

Joseph E. Brewer of Brewer Motor Co., 2183 Madison avenue, was advised today by American Motors that sales hit a 15-month high in the last 10-day period of March with deliveries totaling 13,796.

"That level," Brewer said, "was more than double those sold in the preceding 10 days and topped the combined total of 12,553 sold in the first 20 days of the month." American Motors sales in March totaled 26,339 units compared to 26,834 in February.

U. S. Funds to Boost School Budget to \$10,429,785 Mark

The sum of \$102,584 was tentatively added to the 1965-66 Granite City school budget Monday night by the school board, which called a public hearing for 7:30 p.m. May 25 at the board office.

The revised budget will be publicly displayed from tomorrow through May 25 and will be acted upon by the board immediately following the hearing. The change is being made because of the availability of federal funds for three projects under Title I and one project under Title II of the 1965 U. S. Elementary & Secondary Education Act. State legal rulings indicate budgets should be amended to reflect such financing as it becomes available.

Levy Unchanged
There is no effect on the \$4,688,938 tax levy voted Sept. 13, 1965.

However, the amendment boosts the current budget to a record \$10,429,785, including \$6,680,564 for education, \$575,175 for the building fund, \$2,330,000 for construction, \$651,888 for bonds and interest, \$101,300 for the retirement fund and \$90,848 for transportation.

The additions are \$65,600 in capital outlay expenditures of the building fund (\$60,800 buildings and \$4,800 site improvement) and \$88,984 in educational fund disbursements (\$40,712 instruction, \$31,922 capital equipment and \$4,250 health).

Pentecostal Church Building is Sold

The former United Pentecostal Church building at West 22nd street and Bryan avenue has been sold to the Evangelistic Party, Inc., headed by Rev. Kennie Cotton, who has moved here from Tulsa, Okla., to initiate continuous church and evangelistic services. Sale of the building was handled by the Miller-Wolf Realty Co.

Rev. Cotton, accompanied by his wife, Linda, and son, are living temporarily at 2647 Circle drive. Evangelistic services are being conducted nightly at the church beginning at 7:30 p.m. Rev. Cotton said he and his family will make their home permanently in Granite City. He said he purchased the building for "under \$15,000."

The Evangelistic Party is an

EOC's Community Needs Survey Starts next Week

Final instructions were relayed Monday to neighborhood survey-takers who will start next week compiling information to determine which areas in Madison county are in need of the greatest amount of anti-poverty assistance and the types of programs needed to alleviate impoverished conditions.

The training session was held in the Madison County Economic Opportunity Commission's sub-district office at the Venice city hall.

Maurice S. Harris, Madison county EOC director, conducted the orientation program for field workers, which detailed the categories of questions to be asked of

anti-poverty programs by existing agencies, or in the formation of new projects, geared to provide the most benefit to needy families.

Survey workers, drawn from lower income families, receive a \$1.50 hourly wage.

Traffic Accidents in GC Decline for 1st Quarter

Granite City's traffic accident and personal injury rates dropped during the first quarter of 1966, compared to 1965; but the number of traffic fatalities continued at the same level—two for each quarter.

In the first three months of this year there were 381 accidents with 130 injuries and two fatalities; while in the same period of 1965 the totals were 446 accidents, 137 injuries and two fatalities. The decline was 67 accidents and seven injuries.

Granite City's daily averages now are 4.2 crashes a day with 1.4 injuries per day. In the first quarter of 1965, the higher averages were 4.9 or nearly five accidents a day and 1.5 injuries each day.

License Suspended

The driver's license of Russell L. Norn, 1638 Edison avenue, has been suspended by the office of Secretary of State Paul Powell for three traffic violations, it was announced today. The action was among eight suspensions of Madison county residents this week.

More Ministers Seek Stronger Liquor Law

Another group of ministers has joined in growing demands for adoption of a strong Madison county liquor ordinance by the county board of supervisors.

It is the Alton Area Pastors Association who this week passed a resolution seeking an ordinance with stronger enforcement and penalty provisions which is to be distributed to all members of the county board.

The Tri-City Ministerial Alliance recently took similar action. The county board last month tabled a new controversial ordinance, and State's Atty. Joseph Bartylak is to draw up a watered-down version with hopes it will be acceptable to the board, tavern operators, the ministers and Sheriff Barnes Fraundorf.

Trials Continued for Two GC Defendants

Criminal trials for two Granite City defendants were continued in Madison county circuit court on Monday until May 9. The defendants are Robert Garner, 22, of 1819 Delmar avenue, charged with attempted murder in connection with an unsuccessful attempt to shoot two Madison police officers on Oct. 14, and Charles Howland, 22, of 1209 Rhodes street, charged with burglary at the Arnette Pattern shop on Jan. 1.

Among those scheduled for arraignments today following grand jury indictments last week were Walter H. Rowland, 26, of 1723 Edison avenue, charged with murder in the fatal shooting of Jerry Thompson, 23, of Upton, Ky., in Granite City on Feb. 28.

Annual Dinner Honors 28 Area Eagle Scouts

The 28 members of the 1965 class of Eagle Scouts of the Cahokia Mound Boy Scout Council were honored at rededication ceremonies at the fifth annual recognition banquet at Trader Vic's in St. Louis Monday night.

The Scouts were sponsored by a variety of professional men—engineers, educators, physicians, surgeons, industrial executives, scientists, government officials, military men, businessmen and clergymen.

Principal speaker was R. Marlin Perkins, director of the St. Louis Zoological Gardens and star of the program "Wild Kingdom" on the NBC television network. He held his audience spellbound as he depicted exciting adventures throughout the world. Perkins, for the second consecutive year, sponsored a boy interested in herpetology.

Dinner Co-Chairmen Perkins was introduced by Fred Goewert, executive manager of the Chamber of Commerce of Tri-Cities. Victor Drexelius, Cahokia Mound Council advancement chairman, was master of ceremonies. Drexelius and Goewert were co-chairmen of the banquet.

The invocation was given by Donald Tenner, vicar of Hope Lutheran Church in Granite City. A. P. Steinhilber, council president and works manager at American Steel Foundries in Granite City, gave greetings and urged each Eagle Scout to continue to demonstrate leadership in worthy fields of endeavor.

Don Freeman, Eagle Scout from Madison, was the guest of honor. He was the 1965-66 basketball captain at the University of Illinois. He was introduced to the group by Eugene Cox, scout executive of the Cahokia Mound Council.

Challenge to Eagles The challenge and rededication were given by G. H. Sternberg, former council president. He encouraged the Eagle Scouts to

seek greater heights and continued growth.

Sternberg said to the Eagles "The world is going to look for a little more from you than from boys without scout training. It's going to look for more from you than from boys with scout training who were not able to scale the heights of the Eagle rank. It's going to expect your guided minds and guided muscles to cancel out the guided missiles of those who would destroy worthwhile things."

He appealed to them, "You won't let us down. Patrick Henry said, 'I know of no way of judging the future but by the present.' In the past, good kids grew into strong men of vision and leadership. So now good kids like you will grow into strong men of leadership and vision to preserve and expand the institutions of freedom and goodness. We are depending on you."

State Reception to Honor Dr. Koch to be Here Apr. 24

Presentation of the "Illinois Mother of the Year" award to Dr. Felicia D. Koch, local physician and the mother of six children, will be made during a public reception and open house on Sunday, April 24, at the Elk's Club here.

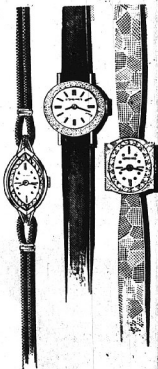

Numerous state and local dignitaries are expected to join with Dr. Koch's many Quad-City friends to honor her at the affair between 3 and 5 p.m.

Dr. Koch's selection as Illinois Mother of the Year was unanimous by members of the Illinois branch of the American Mothers Committee, Inc. of New York. Officials of the Chicago Tribune, a co-sponsor of the program in Illinois, will be among those to hand for the award presentation.

As one of 50 state finalists for "National Mother of the Year" honors, Dr. Koch is to attend a reception at the Waldorf Astoria Hotel in New York on May 1, and a reception at the White House, Washington, D.C., on May 4.

Mrs. Betty Walls, one of those arranging the April 24 open house and award ceremony, said today the arrangement committee is hoping for a large turnout of Quad-Cityans to honor Dr. Koch.

Why hasn't Mrs. Ruby Kavanaugh missed a day's work since April 1, 1937?

Mrs. Kavanaugh is a service assistant for Southwestern Bell in Eldon, Missouri. She started work on April 1, 1937, and hasn't missed a day since then. You have to have some pretty good reasons to work 29 years without being absent one day. You have to have what we at Southwestern Bell call the "spirit of service." Mrs. Kavanaugh has this spirit. "Of course, I've been lucky that my health has been good," says

Mrs. Kavanaugh. "But I guess the most important thing is that I like my job and think it's important. The company's business is to help people get the best telephone service there is. That's my business, too."

Mrs. Kavanaugh and 50,000 other Southwestern Bell people have one thing in common. They're making your telephone service—already the world's best—even better.

Kulenkamp Receives

Plaque from Firm

Mr. and Mrs. Jack Kulenkamp were guests recently of Leon Reichenberg, St. Louis, regional manager of the Metropolitan Life Insurance Co., on the Starlight Roof of the Chase Hotel honoring leaders of the central territory of the St. Louis region.

Kulenkamp was presented with a plaque for having the leading sales unit in the St. Louis region during 1965. A dinner and dance followed the presentation of awards. Also in the unit are Archie Stagner, Oscar Great-house and William Hoedbeck of the Granite City area, Dwight W. Edwards of Edwardsville and Dwight Branch of St. Louis.

Home notes

By Mrs. Catherine R. Mauck
Madison County Home Adviser

A Word of Caution

Milk is an important food and should not be left out of weight reducing diets. Milk contributes more toward total nutrient needs for the number of calories involved than many other foods. Research has shown the diets of teenage girls often are short of calcium which might be supplied by milk if it had not been eliminated from the diet in calorie cutting programs or for other reasons.

April Plantings

When planning bright, flavorful meals to match the springtime season, keep in mind the foods on the U. S. Department of Agriculture's Planting Foods List for April.

Raisins should be attractively priced at your food store, reflecting big supplies. California's 1965 production of 272,000 tons is the largest since 1952.

Springtime is a honey of a season, and this season honey is a springtime treat. Its natural sweetness lends itself to many springtime treats.

Peanuts and peanut products should prove even more popular than usual for leisure time eating in April. The 1965 peanut crop totaled a record 2.5 billion pounds, 13% larger than a year ago. For out-of-hand eating or sprucing up a long roster of homemade goodies, peanuts should be a "must" on your shopping list.

Grape juice should be another attractive buy during April. U.S. production of juice-producing grapes was record large. With wholesale prices for retail packs recently quoted at their lowest

level since 1961, look for appeal-

ing retail prices for this regar-

liquid.

Tuberous Begonias

Early spring is a good time to plant tuberous begonias inside for blossoms next summer. Some people prefer to grow them in pots and avoid the problem of ripening off the plants in the fall and storing the tubers for winter.

Fill the pot or planting bed for tubers with one part of loam soil, one part of coarse sand and two parts of leaf mold or peat moss. Set tubers level with the surface and do not cover. Water sparingly until growth starts, then keep them uniformly moist.

The ideal starting temperature is 60 to 65 degrees.

When you plant tubers remember the top is a little concave and depressed at the center. The roots come from the bottom which is flat or slightly rounded outward. Place this part down and don't ask them to grow up side down.

Tubers grow best in partial shade, sheltered from the wind. Indoors a northern exposure is ideal. Good drainage and sufficient water are important.

The size of the tuber planted affects plant size and number of flowers. For planting in beds tuber 1 to 1½ inches in diameter are satisfactory. For planting in pots they should be not less than 1½ inches in diameter. Tuberous begonias may be started from seeds or cuttings but growing from tubers is fastest and easiest, horticulturists say.

Cut tulips, hyacinths and other flowers grown from bulbs using a sharp knife. Do not cut the leaves as this may harm the plant. When flowers fade on the plant remove them before seeds form. Seed formation takes stored food from the plant.

Funeral Services Today

For Mrs. Celeste Sexton

Funeral services were held today for Mrs. Celeste Mary Sexton, 52, of 297 Marshall avenue, who died at 11 a.m. Monday, at St. Elizabeth Hospital. Until becoming ill two and a half months ago, she had been employed for ten years in the Madison county treasurer's office.

Mrs. Sexton is survived by her husband, Forrest Sexton, daughter, Mrs. Patricia Sanders of Seaford, Del.; five brothers, Herbert, Carl, Kenrick, Wallace and Henry Maddock, all of St. Louis; three sisters, Mrs. Cecelia Gibbar, Mrs. Kathleen Slegmund and Miss Beulah Maddock, all of St. Louis; and one grandchild.

Madison Jaycees Charter Night Banquet Saturday

A charter night banquet and dance will be held Saturday evening at the Sunset Hill Holiday Inn by the recently-formed Madison Junior Chamber of Commerce.

Donald Steingruble of Highland, a national Jaycee director, is to be the guest speaker and will present the charter to George Darling Jr., president of the Madison Jaycees.

The Madison group now has 37 members, and between 125 and 150 persons are expected to attend the charter night banquet and dance.

It really was not the actual ruins and remnants of the old schoolhouses that proved the more interesting. Rather it was the thoughts of the busy but now vanished life that centered about such abandoned places when they were young.

On this occasion thoughts turned toward the vanishing tribe of teachers, those we sometimes called "the last of the Mohicans," who came to "keep school" in the countless hundreds of similar buildings that once dotted the countryside.

Looking on the ruins of this particular building, some lines from Goldsmith, learned long ago in just such another school, came to mind. As recalled they went something like this:

Just Well and Stones
At this one nothing remained except the well and some stones from the doorsteps, which now leaned against the fence. Having planned the trip with a bit of time to spare, it was easy to yield to temptation and stop for a peek about the old place.

Still Sits the Schoolhouse

With the arrival of spring an urge to wander seizes many of us. It may be purposeful, or may come from that same, strange force that was at work when "the bear went over the mountain to see what he could see." Whether it is a necessity or a thought-up excuse, that sends us cruising over the countryside, the results come out about the same.

Even though there may be a full valid reason for starting out, with a direct road to the destination, this driver invariably finds enticing by-roads to turn down, if for no other reason than to see where they lead, and what may be found alongside them.

This tendency to turn aside and crawl along country lanes has taught that it always is best to make plans call for more time than really is necessary to complete the journey. It very often happens that the proportion of time devoted to unplanned proving yields greater rewards than does the deliberately planned part.

That "side-interest-taking-over" tendency won out most recently on an expected visit to a particular place. A few miles from the starting point the dilapidated ruins of a long-deserted country schoolhouse drew attention. Within an hour the site of another well-remembered schoolhouse was passed.

Settlers in the new country sought first to have a shelter over their heads, clothes to cover their backs, and food to line their stomach. Shelter naturally preceded Shakespeare or Sanskrit and food came ahead of philosophy. Within a short time itinerant peddlers came to supply petty necessities as the natives could not wrest from field or forest, and commerce thus began. Wandering artisans, more or less skilled, came to supply other needs. When the settlers attained a bit of security and had partially mastered the situation, their thoughts turned to things of the mind and teachers were needed.

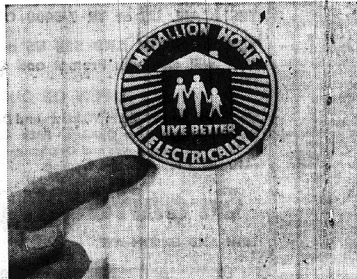

Teachers Confident
These would-be teachers came into a strange school environment, which one commentator described as "chaotic and barefooted." Barely realizing the enormity of the task they were attempting, these would-be teachers brought a strange confidence. They themselves had attacked and accomplished many a task with very slight instruction.

When ambitious youth turned to teaching, each accomplishment added a measure of confidence. Whatever may have been lacking, it was not confidence. With a sublime faith in self, the venturesome one decided that whatever he needed to teach on the morrow he could learn tonight. He had learned a smattering of knowledge and hence a running start. With a group of 40 or more bright and independent thinking "scholars" from six to 21 years old, it surely was a challenge.

This could go on and on. A bit of lettering in and about the few remaining ruins of vanished one-room schools makes the writer wish that some supernumerary teacher of 80 or more would draw up his memories as a pupil and teacher in country schools, and write a book about them.

The general reader either would not believe it or would finish his reading with an admiration and appreciation of a great institution now vanished. There would be no necessity to fictionalize. Little of the imaginary could be more bizarre than the actual happenings inside those pioneer schools.

Eyes on Goal
Plan carefully for the future—a crumple on the right road has a better chance than an athlete on the wrong road.

Why do more and more smart builders display this Medallion?

Because more and more smart home buyers insist on a Medallion Home

This Medallion establishes an immediate bond of trust and interest between the prospective home buyer and the builder.

Both recognize the value of this symbol as assurance of the highest standards of electrical living. Both know that a Medallion Home can be shown with pride and purchased with confidence.

The Medallion on the door means Illinois Power has checked the home for adequate wiring, heavy duty circuits, special purpose circuits, general purpose circuits, outlets, light wherever it is needed, and at least four major electric appliances, including an electric range.

Happier living... better living, electrically! Yours—for sure—when the Medallion is displayed on the door.

THIS I BELIEVE REVIVAL IN SECOND WEEK

AT
UNITED PENTECOSTAL CHURCH
2450 PONTON ROAD
IN
GRANITE CITY, ILLINOIS
WITH
NANCY HUDSON
OF
CENTRALIA, ILLINOIS
EVERY NIGHT
AT 7:30 P.M.
Sunday School 9:30 A.M.
Morning Worship 10:45 A.M.

Last week United Pentecostal Church enjoyed an ingathering of souls to the Lord. Miss Nancy Hudson evangelist to listen to with a singing and speaking. You will enjoy her ministry. Last Sunday the largest number to attend our Sunday School filled our Church as possibly happened in other churches as well. Now we are driving for larger numbers in every part of our Church. You will enjoy hearing the preaching at United Pentecostal Church. United Pentecostal Church is an active spiritual Church, preaching the Full Gospel. Our motto: THE WHOLE GOSPEL FOR THE WHOLE MAN TO THE WHOLE WORLD. There is no need of mere church traditions in any Church that has the Whole Gospel.

Pastor Kenneth V. Reeves, L.L.B.

Restless Quad-Cityans Make 281 Moves During March

The Quad-Cities' population gained one inhabitant through moves in and out of the area during March, according to a compilation of the statistics by the Associated Retailers.

Records of moves show 55 into the Quad-Cities and 54 away. Also, there were 172 moves by

families within the Quad-Cities for an overall total of 281. Individuals and families moving to the local area included 17 from St. Louis and other communities in Missouri, five from Collinsville, four from Edwardsville, two from Springfield, two from Belleville, two from East Alton and 20 from other communities in Illinois.

Moving here from other states were three persons from California, three from Michigan, two from Tennessee, two from Kansas, two from Arkansas and one from Pennsylvania and one from Michigan.

The largest number of moves out of the Quad-City community was 10 persons to East St. Louis, closely followed by nine to St. Louis and the St. Louis county communities.

There also were five moves to Collinsville, two to Edwardsville and one each to the following communities in Illinois: Bethalto, Glen Carbon, Cahokia, Centerville, Belleville, Brighton, Maryville, Caseyville, O'Fallon, Harrisburg, Rock Falls, Buckner and Olive Branch.

One Quad-Cityan left for Mexico, three for Arkansas, one for Oklahoma, one for Pennsylvania, one for Florida, one for Nevada, one for Ohio and one for North Carolina.

Pre-Draft Physicals Friday for 35 Youths

A group of 35 Quad-City area youths will report tomorrow to the county selective service office at Edwardsville for pre-induction physical examinations. The Quad-Cities' draft quota for May is 23 youths to be inducted on May 3. Next month's call for pre-draft physicals is scheduled for May 20 when 31 youths are to report to the county office.

Earlier this week, 22 local youths were drafted under the April quota.

PRESS-RECORD TOUR conducted for members of St. Joseph's Cub Scout Pack 7 and their guests Monday afternoon. The youths gaze intently at the operation of the modern press. In the foreground is a stack of lead plates used on the press to print pages.

97 Relief Cases In GC Township

The Granite City township relief office aided 97 families during March, providing assistance in the amount of \$398 for 283 persons.

Nelson Hagauer noted that while the number of cases was up slightly, the number of individuals involved was the same as in February where total assistance was higher. The February relief figures were 85 cases with 285 persons and costs of \$583.

March was the first month of the new fiscal year for the town-

Park Board Seeks Bids On Rink Bond Issue

A legal notice by the Granite City park district appears elsewhere in this issue calling for bids on a \$475,000 bond issue for construction of the ice skating rink and recreation center at Wilson Park.

Bids on the general obligation bonds, which were authorized during a special election Dec. 18, will be received up to 5 p.m. April 19 and will be opened at 5:30 p.m. in the park district office at Wilson Park.

In March 1965, the office reported 101 cases with 278 persons and costs of \$737.

Maryville Road Project To Require Seven Months

The long-awaited improvement of Maryville road should be completed about seven months from now as the Calhoun County Contracting Co. of Springfield began preliminary work this week. The firm, which obtained the contract on a low-bid of \$506,531, has 157 working days in which to finish the job. The allotted time does not include periods of inclement weather or other delay-causing difficulties, according to Harry Kluge, county superintendent of highways.

Preliminary work for the joint county-city project includes provisions for culverts and moving utility lines. Barricades have been set around poles off of Pontoon road.

The improvement will extend from Pontoon, across Nameoki road, over the controversial rail crossing to old U.S. 66-40.

The length is 2.0823 miles. From Nameoki road to U.S. 66-40, a total of 1,589 miles, the 1410 gallons of bituminous material (prime coat), 516 10-inch concrete pavement 24 tons of incidental bituminous surface with shoulders 10 feet wide.

of concrete gutter, type B, 1833 lineal feet of combination concrete curb and gutter, type B-6, 24, 4757 square feet of sidewalk removal, 352 square yards of six-inch portland cement concrete driveway pavement, 865 square feet of four-inch concrete sidewalk, 60 right-of-way markers and six acres of seeding.
